	B. Highlight/Strike-out Text Amendments	

I. SUMMARY OF PROPOSED AMENDMENTS

Massachusetts General Law (M.G.L.) chapter 21A, section 18 authorizes the Department of Environmental Protection to establish permitting and compliance fees, and schedules for timely action on permit applications. Department fees are established by regulation in 310 CMR 4.00 et seq. The purpose of these regulations is to provide for the orderly and efficient administration of the regulatory programs administered by the Department thereby contributing to the protection of the public health and safety and of the environment.

MassDEP is proposing, to reduce timely action schedules for the majority of its permit categories by 20%, reducing the overall transaction time allowed for rendering permit decisions. These changes are proposed in response to the expansion of the Department's web-based permitting and permit streamlining initiatives introduced in recent years, that no longer require the long review schedules many of which were established nearly 2 decades ago. These reductions are being proposed along with new initiatives that will enable the Department to better time its permitting decisions with the speed of business, fostering a greater innovative and competitive climate to enhance economic development across the Commonwealth. In addition to these proposed timeline reductions, MassDEP is also committing to issue 90% of all permit decisions in 180 days or less, and to review any permit timeline that exceeds the 180 day target and determine methods to improve performance. While some of these timeline reductions will challenge MassDEP's permitting capacity, the continued expansion and investment in MassDEP's web based permitting and other technology-based efficiencies should make this an attainable goal.

II. SCHEDULE FOR PROMULGATING REGULATIONS

Proposed regulations approved for public hearing.	March 8, 2007
Notification of hearings and proposed amendments mailed to all appropriate agencies, groups and registered interested parties as required.	March 16 2007
Hearing notice published in newspapers and posted with amendment text on DEP website.	March 30, 2007
Hearing Notice published in MA Register.	April 6, 2007
Public Hearings.	April 20, 2007 April 24, 2007
End of public comment period	May 4, 2007
Public comment document and proposed final regulation amendment text submitted to EOEa and A&F for review and approval.	May 11, 2007
Filing Form submitted to Secretary of the Commonwealth.	June 1, 2007
Final amendment text published in the MA Register.	June 15, 2007

III. NOTICE OF PUBLIC HEARING

The Commonwealth of Massachusetts
Executive Office of Environmental Affairs
Department of Environmental Protection
NOTICE

Notice is hereby given that the Department of Environmental Protection (MassDEP), acting in accordance with the provisions of M.G.L. c.21, §27, c.21A, §2(28), c.111, § 160, c.21A, §18 and in conformance with M.G.L. c.30A, will hold public hearings on proposed amendments to MassDEP regulations including:

Certification and Operation of Environmental Analysis Laboratories, 310 CMR 42.00 et seq.

The proposed revision of 310 CMR 42.00 is the first major revision of the regulations since they were first promulgated on September 13, 1991 and includes changes to 310 CMR 42.00. The revision updates the technical criteria for certification, especially those related to microbiology; clarifies requirements for a laboratory's representation and reporting of its certification status; limits the time a laboratory may hold provisional certification status; requires laboratories analyzing drinking water to include maximum contaminant levels and maximum residual disinfection level information on drinking water reports; requires laboratories to notify the Department in writing of any violations affecting public health, safety, or welfare for which it has been cited by a government agency; requires laboratories to notify the Department in writing of any civil or criminal violation that it or its owner, director, or supervisor has been convicted of or settled allegations regarding; and expands the scope of laboratory certification offered to the public to include additional chemical parameters in potable water and non-potable water and microbiological parameters in potable water, ambient water, wastewater, and biosolids.

Timely Action Schedule and Fee Provisions, 310 CMR 4.00 et seq.

MassDEP is proposing, to reduce timely action schedules for most of its permit categories by 20%, reducing the overall transaction time allowed for rendering permit decisions. These changes are proposed in response to the expansion of the Department's web-based permitting and permit streamlining initiatives introduced in recent years, no longer requiring long review schedules. They are intended to foster a greater innovative and competitive economic climate while maintaining strong environmental oversight.

The proposed amendments will also add new fee categories to cover the costs associated with the expansion of the Laboratory Certification Program's scope of certification, add a new permit modification category, and delete some certification sub-categories.

Public Hearings will be conducted under the provisions of Chapter 30A of the Massachusetts General Laws on:

April 20, 2007 -- Boston -- 10:00 a.m.

Department of Environmental Protection, One Winter Street

April 24, 2007 -- Worcester - 10:00 a.m.

Department of Environmental Protection, Central Regional Office, 627 Main Street

April 24, 2007 -- Springfield - 2:00 p.m.

Department of Environmental Protection, Western Regional Office, 436 Dwight Street

Testimony may be presented orally or in writing at the public hearings. In addition, written comments will be accepted at the addresses below until 5:00 p.m. on May 4, 2007. Please submit three copies of any written testimony.

Written testimony concerning **Certification and Operation of Environmental Analysis Laboratories, 310 CMR 42.00 et seq** must be submitted to: Ann Marie Allen, Massachusetts Department of Environmental Protection, Senator William X. Wall Experiment Station, 37 Shattuck St., Lawrence, MA 01843.

Written testimony concerning **Timely Action Schedule and Fee Regulations, 310 CMR 4.00 et seq.** must be submitted to Jay Eberle, 3rd Floor, Department of Environmental Protection, One Winter Street, Boston, MA 02108

Copies of the regulations and background documents will be available at the DEP website: www.state.ma.us/dep and during normal business hours at DEP Boston Info Center and the following regional office Service Centers:

DEP Northeast Region, 205B Lowell St., Wilmington, MA (978) 694-3200
DEP Southeast Region, 20 Riverside Drive, Lakeville, MA (508) 946-2714
DEP Western Region, 436 Dwight Street, Suite 402, Springfield, MA (413) 784-1100 x2214
DEP Central Region, 627 Main Street, Worcester, MA (508) 792-7683

This information is available in alternate format upon request to: ADA Coordinator, BAS/HR, 4th Floor, One Winter Street, Boston, MA 02108 at (617) 574-6872.

For special accommodations for this event, call (617) 292-5810/ One Winter Street, 3rd floor, Boston, MA 02108. The DEP Boston Info Center may be reached at 1-800-462-0444.

By Order of the Department
Arleen O'Donnell, Commissioner

Regulation page 90 Air Quality Control

(2) Bureau Of Waste Prevention - Air Quality Control.

Plan Approvals.

(a) (BWPAQ01) Permits for air quality, plan approvals

1. Category: Limited plan approvals
2. Description: Permit to construct, substantially reconstruct or alter any facility required to obtain a limited plan approval pursuant to 310 CMR 7.02(4).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007** ~~June 27, 2003~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$525

(b) (BWPAQ02) Permits for air quality, plan approvals

1. Category: non-major comprehensive plan approval.
2. Description:
 - a. Permit to construct, substantially reconstruct or alter a facility pursuant to 310 CMR 7.02(5) where the construction, substantial reconstruction or alteration has potential emissions equal to or greater than five tons per year and less than 100 tons per year of either any criteria air contaminant or the sum of the emissions of all other air contaminants, excluding products of combustion; or
 - b. Permit to construct, substantially reconstruct or alter a fuel utilization facility where the portion being constructed, substantially reconstructed or altered has an energy input capacity equal to or greater than the threshold requirements of 310 CMR 7.02(5)(a)2. and will result in an increased potential emissions less than 100 tons per year of any criteria air contaminant; or
 - c. Permit to construct an incinerator having a capacity of less than or equal to 2000 pounds per hour of waste;
 - d. Permit to substantially reconstruct or alter any incinerator;

- e. Permit required pursuant to 310 CMR 7.02(5)(a)10.;
 - f. Notwithstanding 310 CMR 4.10(2)(b)2.a. through e., any construction, substantial reconstruction or alteration that is subject to 310 CMR 7.00: *Appendix A* (Non-attainment review), or 40 CFR 52.21 (Prevention of Significant Deterioration) shall be classified as a major plan approval.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**~~June 27, 2003~~,
- a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$1,930
- (c) (BWPAQ03) Permits for air quality, plan approvals
- 1. Category: major comprehensive plan approval
 - 2. Description:
 - a. Permit to construct, substantially reconstruct or alter a facility pursuant to 310 CMR 7.02(5) where the construction, substantial reconstruction or alteration has potential emissions greater than or equal to 100 tons per year of either any criteria air contaminant or the sum of the emissions of all other air contaminants, excluding products of combustion, or;
 - b. A permit subject to Prevention of Significant Deterioration (PSD) requirements (40 CFR 52.21 at 310 CMR 7.02(5) or;
 - c. A permit subject to non-attainment review, 310 CMR 7.00: *Appendix A* or;
 - d. (Reserved)
 - e. Permit to construct, substantially reconstruct or alter a fuel utilization facility where the portion being constructed, substantially reconstructed or altered has an energy input capacity equal to or greater than the threshold requirements of 310 CMR 7.02(5)(a)2. and will result in increased potential emissions greater than or equal to 100 tons per year of any criteria air contaminant; or
 - f. (Reserved)
 - g. A permit to construct an incinerator having a waste capacity greater than 2000 pounds per hour of waste.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**~~June 27, 2003~~,

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~128~~ 460 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies for categories 310 CMR 4.10(2)(c)2. a, b, c, e and g and within 45 days for category 310 CMR 4.10(2)(c)2.d.
 - d. Within ~~128~~ 460 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$19,780
- (d) (BWPAQ08) Permits for Emission Control Plans
1. Category: emission control plans
 2. Description: Emission control plan required pursuant to 310 CMR 7.18 *et seq.* or 7.19 *et seq.*
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~ June 27, 2003,
 - a. where compliance can be achieved by meeting emission limitations specifically articulated in 310 CMR 7.00, including through the use of emissions averaging or trading as described in 310 CMR 7.00: *Appendix B*
 - (i) Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - (ii) Within ~~63~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - (iii) The permit applicant may remedy identified deficiencies within 45 days of the Department's statement identifying deficiencies, if any.
 - (iv) Within ~~63~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - (v) Within ~~30~~ 45 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - b. Where approval is required by the US Environmental Protection Agency as a single source SIP (State Implementation Plan) revision to demonstrate compliance with federally mandated RACT because compliance cannot be achieved by meeting emission limitations specifically articulated in the 310 CMR 7.00, or to satisfy 310 CMR 7.18(17) or 7.19(12),

- (i) Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - (ii) Within ~~128~~ 160 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - (iii) The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - (iv) Within ~~128~~ 160 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - (v) Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee:
- a. Permits meeting the description of 310 CMR 4.10(2)(d)3.a.: \$1,530
 - b. Permits meeting the description of 310 CMR 4.10(2)(d)3.b.: \$18,155
- (e) (BWPAQ09) Permit to restrict potential emissions.
- 1. Category: permit restrictions or Restricted emission status (RES).
 - 2. Description: permit restriction issued to any facility pursuant to 310 CMR 7.02(9) to restrict potential emissions in order to:
 - a. allow redesignation for purposes of annual compliance fee for permittees for regulated air contaminants; or
 - b. lower potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for halogenated organic compounds (HOC) (310 CMR 7.18); or
 - c. lower federal potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for volatile organic compounds (310 CMR 7.18 and 310 CMR 7.00: *Appendix C* where applicable); or
 - d. lower federal potential emissions below the Reasonably Available Control Technology (RACT) applicability thresholds for oxides of nitrogen (NO_x) (310 CMR 7.19 and 310 CMR 7.00 *Appendix C* where applicable); or
 - e. restrict federal potential emissions of regulated pollutants to eliminate applicability to an otherwise applicable requirement, including but not limited to, 310 CMR 7.00 *Appendix C*.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~ June 27, 2003,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.

- c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
- d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
- e. Within ten days of the close of the period for public comment, including public hearing, if applicable, the Department will complete a public comment review.

4. Permit application fee: \$1,550

Asbestos and Construction Notifications

(f) (BWPAQ04) Permits for Asbestos

- 1. Category: Asbestos removal notification
- 2. Description: Notification submitted to satisfy the requirements of 310 CMR 7.15 (1)(b) for handling of asbestos from industrial, commercial and institutional sites and residential property, excluding owner-occupied residential property with four or fewer units.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within ten working days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review and indicate deficiencies, if any, to the applicant.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any. Submission of amended information, except as provided in 310 CMR 4.10, within the 30 day period shall not constitute a new notification. Submission at any time of amended information changing job start or end dates by more than 30 days from the original dates shall constitute a new notification subject to 310 CMR 4.10(f).
 - c. Within ten working days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.

4. Permit application fee: \$85

(g) (BWPAQ05) Permits for Asbestos

- 1. Category: Blanket plan notification
- 2. Description: Notification submitted of plan for multiple demolition or renovation jobs within a single facility during a period not to exceed one year, where permitted by the Department pursuant to 310 CMR 7.15(1)(b)2.c.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within 20 days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review and notify the applicant of any deficiencies.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.

- c. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final technical review.
- 4. Permit application fee: \$35 per job covered; \$85 minimum.
- (h) (BWPAQ06) Construction and Demolition Notification
 - 1. Category: Notification prior to construction or demolition of an industrial, commercial, or institutional building or residential building with 20 or more units, pursuant to 310 CMR 7.09(2).
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 27, 2003,
 - a. Within ten working days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review and indicate deficiencies, if any, to the applicant.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any. Submission of amended information, except as provided in 310 CMR 4.10, within the 60 day period shall not constitute a new notification.
 - c. Within ten working days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 - 3. Permit application fee: \$85

Operating Permits

- (j)(4) (BWPAQ14) Permits for Air Quality Control
 - 1. Category: 310 CMR 7.00: *Appendix C* operating permit for new construction of a major source
 - 2. Description: operating permit for new construction pursuant to 310 CMR 7.00: *Appendix C*.
 - 3. Schedule for timely action: for applications which are filed and fees received on or after ~~June 27, 2003,~~ **June 15, 2007**,
 - a. Within ~~48~~ **60** days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~144~~ **180** days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~144~~ **180** days of receipt of materials from the applicant, in response to the Department's statement identifying deficiencies, the Department shall conduct a supplemental technical review.
 - e. Within ~~36~~ **45** days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within ~~36~~ **45** days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.

4. Permit application fee: \$ Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$ 9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.

Implementation of Operating Permit Program

(k)(2) (BWPAQ15) Permits for Air Quality Control

1. Category: Group A operating permits
2. Description: Operating permits for Group A facilities defined in 310 CMR 7.00: *Appendix C(4)(a)* in either Standard Industrial Classification (SIC) group 49 or 51.
3. Schedule for timely action: for applications which are filed, and fees received, on or after **June 15, 2007** ~~June 27, 2003~~,
 - a. Within **48** ~~60~~ days of receipt of an application and payment of an application fee, the Department shall complete an administrative completeness review.
 - b. Within **144** ~~180~~ days of a determination of administrative completeness, the Department shall conduct a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **144** ~~180~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **36** ~~45~~ days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within **36** ~~45~~ days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
4. Permit Application Fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.

(k)(3) (BWPAQ16) Permits for Air Quality Control

1. Category: Group B operating permits
2. Description: Operating permits for Group B facilities defined in 310 CMR 7.00: *Appendix C(4)(a)* in any of the following Standard Industrial Classification (SIC) groups: 22, 23, 25, 26, 27, 28, 30, 31, 36, 38, 97 and 99.

3. Schedule for timely action: for applications which are filed, and fees received, on or after ~~June 15, 2007~~ June 27, 2003,

a. Within ~~48~~ 60 days of receipt of an application and payment of an application fee, the Department shall complete an administrative completeness review.

b. Within ~~240~~ 300 days of a determination of administrative completeness, the Department shall conduct a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

e. Within ~~36~~ 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.

f. Within ~~36~~ 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.

4. Permit application fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants, for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.

(k)(4) (BWPAQ17) Permits for Air Quality Control

1. Category: Group C operating permits

2. Description: Operating permits for Group C facilities defined in 310 CMR 7.00: *Appendix C*(4)(a) in any of the following Standard Industrial Classification (SIC) groups: 01, 14, 20, 24, 29, 32, 33, 34, 35, 37, 39, 45, 50, 56, 63, 65, 70, 72, 80, 82, 86, and 95 or other stationary sources not classified as Group A or B facilities.

3. Schedule for timely action: for applications which are filed, and fees received, on or after ~~June 15, 2007~~ June 27, 2003,

a. Within ~~48~~ 60 days of receipt of an application and receipt of an application fee, the Department shall complete an administrative completeness review.

b. Within ~~144~~ 180 days of a determination of administrative completeness, the Department shall conduct a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within ~~144~~ 180 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

- e. Within ~~36~~ 45 days of the completion of a public comment period including public hearing, if applicable, the Department shall complete a proposed decision for submission to EPA.
 - f. Within ~~36~~ 45 days of the receipt of EPA final comment on the proposed decision, the Department shall complete a final review.
4. Permit application fee: Calculated, in accordance with definitions in 310 CMR 7.00, by adding (AA X \$9) plus (EC X \$549) plus (EU X \$405) but not less than \$2312; where AA is the Adjusted Actual Emissions tons per year of criteria pollutants for the calendar year prior to the submittal of an application for an initial operating permit, excluding carbon monoxide, capped at 4000 tons/year per pollutant; and EC is an Emissions Unit with Air Pollution Control Equipment; and EU is an Emissions Unit with no Air Pollution Control Equipment.
- (l) (BWPAQ18) Permits for Air Quality; Emission Reduction Certification
 1. Category: Certification of emission reductions for emission banking and trading pursuant to 310 CMR 7.00: *Appendix B*.
 2. Description: Certification of emission reductions which exceed state and federal requirements as Emission Reduction Credits (ERCs).
 3. Schedule for timely action: for projects for which applications are filled and fees received on or after ~~June 15, 2007~~, ~~October 7, 2005~~,
 - a. Within ~~48~~ 60 days of receipt of an application and payment of the permit application fee the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, if any, the Department shall complete a supplemental technical review.
 - e. Within ~~36~~ 45 days of the close of the period for public comment, including any public hearing, the Department shall complete public comment review and issue final decision.
 4. Permit application fee:

\$1000 greater than or equal to five but less than ten tons or tpy ERC
 \$5000 greater than or equal to ten but less than 50 tons or tpy ERC \$7500
 greater than or equal to 50 but less than 100 tons or tpy ERC \$12,500
 greater than or equal to 100 but less than 500 tons or tpy ERC
 \$15,000 greater than or equal to 500 tons or tpy ERC
 - (m)(1) (BWPAQ19) - Permits for Air Quality
 1. Category: Emission Control Plan pursuant to 310 CMR 7.27
 2. Description: Certification of Emission Control Plan under NOx Allowance Program pursuant to 310 CMR 7.27(7)(b).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~ ~~June 27, 2003~~,

- a. Within 24 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.
 - b. Within 24 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall approve or deny the permit.
4. Permit Application Fee: \$1,265

(m)(2) (BWPAQ20) - Permits for Air Quality

1. Category: Emission Control Plan pursuant to 310 CMR 7.27
2. Description: Certification of Alternative Monitoring Emission Control Plan with required public comment period under NOx Allowance Program pursuant to 310 CMR 7.27(7)(b).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007 June 27, 2003,
 - a. Within 24 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.
 - b. Within 48 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 48 60 days of the close of the public comment, including any public hearing, the Department shall complete a public comment review and issue or deny the permit.
4. Permit Application Fee: \$2,595

(m)(3) (BWPAQ21) - Permits for Air Quality

1. Category: Emission Control Plan pursuant to 310 CMR 7.27
2. Description: Certification of Emission Control Plan that includes operating practices, change in fuels, control efficiency, design, specifications, and standard operating and maintenance procedures for equipment used to meet the requirements of the NOx Allowance Program pursuant to 310 CMR 7.27(7)(b).
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007 June 27, 2003,
 - a. Within 24 30 days of receipt of an application and payment of the permit fee, the Department shall complete an administrative completeness review.

- b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~42~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~42~~ 60 days of the close of the public comment, including any public hearing, the Department shall complete a public comment review and issue or deny the permit.
4. Permit Application Fee: \$6,655
- (m)(4) (BWPAQ22) - Permits for Emission Control Plan for Municipal Waste Combustors
- 1. Category: Municipal Waste Combustor emission control plan
 - 2. Description: Emission Control Plan required pursuant to 310 CMR 7.08(2) *et seq.* for sources constructed prior to 1994
 - 3. Schedule for timely action: for projects for which application is filed and fee received on or after ~~June 15, 2007~~, August 21, 1998;
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental review.
 - e. Within ~~24~~ 30 days of the close of the period for public comment, the Department will issue or deny the permit.
 - 4. Permit Application Fee: \$7,180

Regulation page 94.4 Hazardous Waste

(3) Bureau of Waste Prevention - Hazardous Waste.

Hazardous Waste Recycling.

- (a)(1) (BWPHW21) Hazardous waste recycling permits
 - 1. Category: Class A recycling presumptive approval permit/renewal.
 - 2. Description: Class A recycling permit and permit renewals for Class A regulated recyclable material pursuant to 310 CMR 30.221(2) for recycling activities described in Table 310 CMR 30.221 and designated by an "N".
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004,
 - a. Within 21 days the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 21 days of the Department's statement identifying deficiencies, if any.

- c. Within 21 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
4. Permit Application fee: \$130
- (b)(1) (BWPHW22) Hazardous waste recycling permits
 1. Category: Level I recycling permits and permit renewals
 2. Description:
 - a. Applications pursuant to 310 CMR 30.261 or 30.264 for a permit or permit renewal to market Class B(3) regulated recyclable materials described in 310 CMR 30.213(3), except those proposing to burn such materials for energy recovery;
 - b. Applications pursuant to 310 CMR 30.232 for a permit or permit renewal to recycle regulated materials described in 310 CMR 30.213(1);
 - c. Applications pursuant to 310 CMR 30.280 for a permit or permit renewal to recycle regulated recyclable materials described in 310 CMR 213(5);
 - d. Applications pursuant to 310 CMR 30.273 for a permit or permit renewal to recycle regulated recyclable materials described in 310 CMR 30.213(4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**~~June 27, 2003~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$200
- (c)(1) BWPHW23 Hazardous waste recycling permits
 1. Category: Level II recycling permits
 2. Description:
 - a. applications pursuant to 310 CMR 30.247 for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(2);
 - b. applications pursuant to 310 CMR 30.260(3) or (4) for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(3) in amounts less than 100,000 gallons per year;
 - c. applications for transfer stations pursuant to 310 CMR 30.010 and 30.277 concerning the regulated recyclable materials described in 310 CMR 30.213(4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**~~June 23, 2005~~,
 - a. Within **36** ~~45~~ days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.

- b. Within 36 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 36 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit Application fee: \$1,005
- (c)(2) BWPHW24) Hazardous waste recycling permits
 - 1. Category: Level II recycling permit renewals or modifications.
 - 2. Description: Level II recycling permit renewals or permit modifications for BWPHW23.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 7, 2005~~,
 - a. Within 24 30- days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 48 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit Application fee: \$265
- (d)(1) (BWPHW25) Hazardous waste recycling permits
 - 1. Category: Level III recycling permits
 - 2. Description:
 - a. applications pursuant to 310 CMR 30.224 for a permit to recycle regulated recyclable materials described in 310 CMR 30.212(3) or (5) through (8) allowing applicants to accept for recycling such materials generated off site;
 - b. applications pursuant to 310 CMR 30.260(2) for a permit to market regulated recyclable materials described in 310 CMR 30.213(3);
 - c. applications pursuant to 310 CMR 30.260(3) or 30.260(4) for a permit to recycle regulated recyclable materials described in 310 CMR 30.213(3) in amounts equal to or greater than 100,000 gallons per year;
 - d. applications pursuant to 310 CMR 30.290 for a permit to recycle regulated recyclable materials described in 310 CMR 30.214.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 8, 2004~~,
 - a. Within 24 30- days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within 96 120-days of making a determination of administrative completeness, the Department shall complete a technical review.

- c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~96~~ 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~24~~ 30 days of the close of the period for public comment, including any public hearing, the department shall complete a public comment review.
- 4. Permit Application fee: \$7,775
- (d)(2) (BWPHW26) Hazardous waste recycling permits
 - 1. Category: Level III recycling permit renewals or modifications.
 - 2. Description: Level III recycling permits renewals or permit modifications for permits BWPHW25.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~October 7, 2005~~,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit Application fee: \$870
- (d) (BWPHW12) Hazardous waste recycling permits
 - 1. Category: Level III Recycling Permit - Precious Metals
 - 2. Description: application for recycling facilities pursuant to 310 CMR 30.277 for a permit to recycle regulated recyclable material described in 310 CMR 30.213(4).
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~96~~ 120 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~96~~ 120 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$4,760

Hazardous Waste Transporters

(g) (BWPHW05) Permits for Transporters of Hazardous Waste.

1. Category: Permits to transport hazardous waste, including mixed waste, pursuant to 310 CMR 30.400, and 30.800.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~,
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within **24** ~~30~~ days of the close of the period for public comment, the Department shall complete a public comment review.
3. Permit application fee: \$2,810

(g)(1) (BWPHW28) Permits for Transporters of Hazardous Waste

1. Category: annual vehicle identification device (VID);
2. Description: one or more vehicle VID(s)/sticker(s) for use during a single calendar year pursuant to 310 CMR 30.010 and 30.414 by a licensed hazardous waste transporter. After issuance of VID(s)/sticker(s) for use during a single calendar year, additional or replacement VID(s)/sticker(s) for the same calendar year may be requested without an additional fee.
3. Schedule for timely action: for projects for which application is filed and fees received on or after **June 15, 2007**, ~~November 8, 2002~~,
 - a. Within **72** ~~90~~ days of receipt of an application and payment of the application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any,
 - c. Within **72** ~~90~~ days of receipt of materials in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
4. Permit application fee: Calculated in accordance with 310 CMR 30.00 and 801 CMR 4.07 by adding the volume in pounds of all non-exempt hazardous waste manifested for transport in Massachusetts during the 12 months ending the March 31st prior to the application, and multiplying pounds by \$0.00084 for calendar year 2003 VID(s)/stickers and by \$0.00140 for applications for each year thereafter; but regardless of calculation, the fee shall be a minimum of \$50.00.

(h)(1) (BWPHW14) Permit Renewals for Transporters of Hazardous Waste

1. Category: Renewal of Hazardous Waste Transporter permits, including mixed waste, pursuant to 310 CMR 30.400 and 30.800.
2. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~,

- a. Within 48 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any
 - c. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 24 30- days of the close of the period for public comment, if any, the Department shall complete a public comment review.
3. Permit application fee: \$1,935

Transporters of Class B(4) Regulated Recyclable Material

(i) (BWPHW06) Permits for Transporters of Class B(4) Regulated recyclable material

1. Category: Permits for Transporters of Class B(4) Regulated recyclable material
2. Description: Permit to transport Class B(4) Regulated Recyclable Materials pursuant to 310 CMR 30.213(4) and 30.275.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003,~~
 - a. Within 48 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$1,050

(j)(1) (BWPHW15) Permit Renewal for Transporters of Regulated Recyclable Material

1. Category: Permit Renewal for Transporters of Regulated Recyclable Material
2. Description: renewal of permit to transport Class B(4) Regulated Recyclable Material pursuant to 310 CMR 30.213(4) and 30.275.
3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 15, 2007, ~~June 27, 2003,~~
 - a. Within 48 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$725

Hazardous Waste Transporter Permit and Class B(4) Regulated Recyclable Material Transporter Permit Modifications

(j)(3) (BWPHW27) Permit Modification for Hazardous Waste Transporter Permit and Class B(4) Regulated Recyclable Material Transporter Permit.

1. Category: Presumptive approval permit modification for Hazardous Waste transporter permits and Class B(4) Regulated Recyclable Material pursuant to 310 CMR 30.200, 30.400, and 30.800, as applicable.
2. Description: Approval of a change in address, E.P.A. identification number, telephone number, waste categories/codes, and the following which are not 310 CMR 30.828 license transfers: name changes, stock transfers (less than 5% equity/liability), and new owners/operators.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
4. Permit application fee: \$230

Treatability Studies

(k) (BWPHW07) Permits for hazardous waste

1. Category: approval of hazardous waste treatability studies pursuant to 310 CMR 30.010 and 30.104(3)(c).
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 18, 2004~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **36** ~~45~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$2,195

TSD Facilities

(l) (BWPHW08) Permits for hazardous waste treatment, storage, or disposal (TSD) facilities

1. Category: license to operate or approval of closure plan for TSD facility.
2. Description: Licenses for facilities that treat, store, or dispose of hazardous wastes, pursuant to 310 CMR 30.010, 30.099, and 30.800;

approval of closure plans for such facilities pursuant to 310 CMR 30.010 and 30.580.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004, individual rule project subject to 310 CMR 4.05.

4. Permit application fee: individual rule project subject to 310 CMR 4.05.

TSD Facility Modification

(m) (BWPHW09) Permits for TSD Facility Modifications

1. Category: Class I modifications

2. Description: modifications to TSD licenses pursuant to 310 CMR 30.852, which require prior written approval of the Department pursuant to 310 CMR 30.852(2)(b) and Table 30.852; and modifications to TSD licenses pursuant to 310 CMR 30.099(5) and 30.852, which require prior written approval of the Department pursuant to 310 CMR 30.852(2)(b) and Table 30.852.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 8, 2004~~,

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.

d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

e. The applicant may elect to follow the procedures for Class II modifications. If the applicant so elects, the fee and schedule provisions applicable to Class II modifications at 310 CMR 4.10(3)(n) shall apply.

4. Permit application fee: \$175

(n) (BWPHW10) Permits for TSD Facility Modifications.

1. Category: Class II modifications

2. Description: Modifications of licenses for TSD facilities pursuant to 310 CMR 30.852(3) and Table 30.852; and modifications to TSD licenses pursuant to 310 CMR 30.099(5) and 30.852(2).

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 8, 2004~~,

a. Within **96** ~~120~~ days of the latest date of receipt of the application, payment of the application fee and filing of the public notice required by 310 CMR 30.852(2), the Department shall complete a technical review.

b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.

c. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$10,195
- (o) (BWPHW11) Permits for TSD Facility Modifications
 1. Category: Class III modifications
 2. Description: Modifications of licenses for TSD facilities pursuant to 310 CMR 30.852(4) and Table 30.852 or 30.852(5); and modifications to TSD licenses pursuant to 310 CMR 30.099(5), and 30.852(3) or (4).
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after October 8, 2004, individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (p) (BWPHW16) Permit for Declassification
 1. Category: approval of declassification
 2. Description: approval of petition to classify waste as nonhazardous pursuant to 310 CMR 30.141 and 30.142.
 3. Schedule of Timely Action: individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.

Research Facilities

- (q) (BWPHW20) Permits for hazardous waste research facilities.
 1. Category: license to operate a research facility where research studies are conducted.
 2. Description: Licenses for facilities which intend to conduct research studies or otherwise engage in continuous research, development, and demonstration activities as defined in 310 CMR 30.010 and which require prior Department approval or approval to continue activities as required by 310 CMR 30.104(3)(d) and 30.864.
 3. Schedule for timely action: for projects for which applications are filed and fees received on and after October 8, 2004, individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: individual rule project subject to 310 CMR 4.05.

Regulation page 101 Solid Waste

(4) Bureau of Waste Prevention - Solid Waste.

Facility Siting

- (a) (BWPSW01) Permits for solid waste facility siting
 1. Category: solid waste facility site suitability report pursuant to 310 CMR 16.00 for a new site or expanded site or for a site assigned site applying for a major modification where the site had never received a site suitability report.
 2. Schedule for timely action: For projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~,
 - a. Within 21 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within ~~48~~ 60 days of receipt of proof that the public notice requirement set forth in 310 CMR 16.10(4) has been satisfied by the applicant, the Department shall finish review and issue the site suitability report.
 3. Permit application fee: \$8,615
- (a)(1) (BWPSW38) Permits for solid waste facility siting
 1. Category: solid waste facility site suitability report pursuant to 310 CMR 16.22 for a major modification to site assignment where a site suitability report has previously been issued for the site.
 2. Schedule for timely action: For projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~August 17, 2001~~,
 - a. Within 21 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of receipt of proof that the public notice requirement set forth in 310 CMR 16.10(4) has been satisfied by the applicant, the Department shall finish review and issue the site suitability report.
 3. Permit application fee: \$1,565
- (b) (BWPSW02) Permits for solid waste determination of need.
 1. Category: Determination of Need for large operation site assignment.
 2. Description: Determination of need for site assignment for recycling operation processing more than 100 tons per day in accordance with 310 CMR 16.05(6)(a).
 3. Schedule for timely action: For projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$6,945
- (c) (BWPSW17) Permits for Solid Waste facility
 1. Category: Determination of Need for small operation site assignment.
 2. Description:
 - a. Determination of Need for site assignment for recycling operation processing no more than 100 tons per day pursuant to 310 CMR 16.05(6)(a).

- b. Determination of Need for a site assignment for a composting operation in accordance with 310 CMR 16.05(6).
- 3. Schedule for timely action: For projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **24** ~~30~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$1,125
- (d) (BWPSW18) Permits for Modification of Facility Siting Permits
 - 1. Category: modification of Determination of Need determined to require the applicant to submit a revised application pursuant to 310 CMR 16.05(9).
 - 2. Description: modification of Determination of Need where it is determined the applicant is required to submit a revised application pursuant to 310 CMR 16.05(9).
 - 3. Schedule of Timely Action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **24** ~~30~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$1,125

Transfer Station and Handling Facilities

- (g) (BWPSW05) Permits for solid waste transfer stations or handling facilities.
 - 1. Category: Permit and authorization to construct a large solid waste transfer station, large handling facility, large composting facility or large C and D processing facility, pursuant to 310 CMR 19.041.

2. Description:
 - a. Authorization to construct a large transfer station, large handling facility, or large C and D processing facility which receives 50 tons per day or more.
 - b. Authorization to construct a large composting facility which receives more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 7, 2005~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **60** ~~75~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **60** ~~75~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **60** ~~75~~ days of the close of the period of public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$5,890
- (h) (BWPSW19) Permits for solid waste transfer stations or other handling facilities.
1. Category: permit and authorization to construct a small solid waste transfer station, small handling facility, small composting facility, or small C and D processing facility pursuant to 310 CMR 19.041.
 2. Description:
 - a. Authorization to construct a small transfer station, small handling facility or small C and D processing facility which receives less than 50 tons per day.
 - b. Authorization to construct a small composting facility which receives no more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~October 7, 2005~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

- e. Within ~~24~~ 30 days of the close of the period of public comment, including any public hearing, the Department shall complete a public comment review.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
4. Permit application fee: \$1,690
- (i) (BWPSW06) Permits for solid waste transfer stations or other handling facility.
1. Category: authorization to operate or renew operation permit for large transfer station, large handling facility, large composting facility, or large C and D processing facility pursuant to 310 CMR 19.042.
 2. Description:
 - a. Authorization to operate or renew operation permit for large transfer station, large handling facility or large C and D processing facility, which receives 50 tons per day or more.
 - b. Authorization to operate or renew operation permit for a large composting facility which receives more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~October 7, 2005~~,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~36~~ 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~36~~ 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,580
- (j) (BWPSW20) Permits for solid waste transfer station or other handling facility.
1. Category: authorization to operate or renew operation permit for a small transfer station, small handling facility, small composting facility, or small C and D processing facility, pursuant to 310 CMR 19.042.
 2. Description:
 - a. Authorization to operate or renew operation permit for a small transfer station, small handling facility, or small C and D processing facility which receives less than 50 tons per day.
 - b. Authorization to operate or renew operation permit for a small composting facility which receives no more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~, ~~October 7, 2005~~,

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$805
- (k) (BWPSW07) Permits for solid waste transfer stations or other handling facilities.
1. Category: Modification of permit for previously approved large transfer station or handling facilities or operation, pursuant to 310 CMR 19.039.
 2. Description:
 - a. Modification of permit for a transfer station or other handling facility which receives 50 tons per day or more.
 - b. Modification of permit for a composting facility which receives more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$2,635
- (l) (BWPSW21) Permits for solid waste transfer stations or other handling facilities.
1. Category: Modification of permit for previously approved small transfer station or handling facilities or operation pursuant to 310 CMR 19.039.
 2. Description:
 - a. Modification of permit for a transfer station or other handling facility which receives less than 50 tons per day.
 - b. Modification of permit for a composting facility which receives no more than ten tons per day of solid waste.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~

- a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$1,125

Existing Landfill

(m) (BWPSW08) Permits for solid waste landfill

1. Category: Authorization to construct in an existing permitted landfill pursuant to 310 CMR 19.041.
 2. Description: authorization to construct in an existing permitted landfill area where construction requires additional approval in phases pursuant to 310 CMR 19.041 and the initial permit.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, June 27, 2003
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 36 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 36 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 72 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$1,450

(o) (BWPSW10) Permits for solid waste landfill

1. Category: authorization to operate a landfill, pursuant to 310 CMR 19.042
2. Description: authorization to operate new phases of a permitted landfill as required pursuant to 310 CMR 19.042 and the initial permit.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, June 27, 2003
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within ~~36~~ 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~36~~ 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$1,580
- (p) (~~BWPSW11~~) Permits for solid waste landfill
 - 1. Category: major modification of landfill permit pursuant to 310 CMR 19.039.
 - 2. Description: major modification of a landfill plan where a design change will result in the construction of an appurtenance or structure.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, June 27, 2003
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
 - 4. Permit application fee
 - a. Where the Secretary of Environmental Affairs determines that additional review pursuant to the Massachusetts Environmental Policy Act (MEPA) and 301 CMR 11.00 is required: \$4,305
 - b. Where additional review pursuant to MEPA is not required: \$3,160
- (q) (~~BWPSW22~~) Permits for solid waste landfill
 - 1. Category: Minor Modification of a landfill pursuant to 310 CMR 19.039.
 - 2. Description: modification of a landfill permit with a change in operations, equipment or daily capacity but not construction of an appurtenance or structure pursuant to 310 CMR 19.039.
 - 3. Schedule for timely action: for projects for which applications in (~~BWPSW11~~)(29) are filed and/or fees received on or after January 1, 1992 and have review pending on July 1, 1992, and for applications filed and received on or after ~~June 15, 2007~~, June 27, 2003
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
- 4. Permit application fee \$1,125
- (r) (BWPSW12) Permits for solid waste landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150
 - 2. Description: approval of complete initial site assessment and draft scope of work for a comprehensive site assessment pursuant to 310 CMR 19.150(4).
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 36 ~~45~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 36 ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$1,125
- (s) (BWPSW23) Permit for solid waste landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: approval of complete landfill comprehensive site assessment pursuant to 310 CMR 19.150(5).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 60 ~~75~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

- d. Within ~~60~~ 75 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$4,595
- (t) (BWPSW24) Permit for Solid Waste Landfill
 - 1. Category: approval of landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: Approval of a corrective action alternative analysis report pursuant to 310 CMR 19.150(6).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$2,905
- (u) (BWPSW25) Permit for Solid Waste Landfill
 - 1. Category: approval landfill closure and assessment evaluation pursuant to 310 CMR 19.150.
 - 2. Description: Approval of the corrective action design pursuant to 310 CMR 19.151(2)(a).
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - 4. Permit application fee: \$3,465
- (u)(1) (BWPSW43) Permits for solid waste landfill
 - 1. Category: Determination of landfill closure completion pursuant to 310 CMR 19.140(6).
 - 2. Description: approval of documentation of closure and post-closure planning

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 7, 2005~~,

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.

4. Permit application fee: \$2,050

New Landfill or Expanded Existing Landfill

(v) (BWPSW26) Permit for Solid Waste Landfill

1. Category: Permit and authorization to construct new large landfill or major expansion of permitted landfill pursuant to 310 CMR 19.030 and 19.041.

2. Description: Permit to construct a new landfill with 250 acrefeet or more of disposal volume or expand a permitted landfill by 250 acrefeet or more of disposal volume.

3. Schedule of Timely Action: For projects for which applications are filed and/or fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.

4. Permit Application Fee: individual rule project subject to 310 CMR 4.05.

(w) (BWPSW27) Permit for Solid Waste Landfill

1. Category: Permit and authorization to construct medium sized new landfill or medium expansion of permitted landfill pursuant to 310 CMR 19.030 and 19.041.

2. Description: permit to construct a new landfill with greater than 25 acrefeet but less than 250 acrefeet of disposal volume or to expand a permitted landfill by greater than 25 acrefeet but less than 250 acrefeet of disposal volume.

3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **80** ~~100~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

- d. Within **80** ~~400~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within **72** ~~90~~ days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
- 4. Permit application fee: \$23,240
- (x) (**BWPSW28**) Permit for Solid Waste Landfill
 - 1. Category: Permit and authorization to construct new small landfill or to construct small expansion of permitted landfill pursuant to 310 CMR 19.030 and 19.041.
 - 2. Description: permit to construct a new landfill with no more than 25 acrefeet of disposal volume or to expand a permitted landfill by no more than 25 acrefeet disposal volume.
 - 3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within **72** ~~90~~ days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
 - 4. Permit application fee: \$11,620
- (y) (**BWPSW29**) Permit for Solid Waste Landfill
 - 1. Category: Permit and authorization to construct woodwaste landfill or to expand woodwaste capacity of a permitted landfill pursuant to 310 CMR 19.030 and 19.041.
 - 2. Description: Permit and authorization to construct a new woodwaste landfill or expand woodwaste capacity of a permitted landfill to dispose of uncontaminated woodwaste pursuant to 310 CMR 19.006, including reclamation activities but excluding construction and demolition material.

3. Schedule of Timely Action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review
 - e. Within **72** ~~90~~ days after the close of any public comment period including public hearing, the Department shall complete a public comment review, make any adjustments to the draft permit and issue a final permit decision.
 - f. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical and public comment reviews shall each be increased by 30 days.
4. Permit application fee: \$11,620

Determinations

(z)(1) (BWPSW39) Permits for solid waste management

1. Category: determination of beneficial use - use of secondary materials in commercial products pursuant to 310 CMR 19.060(14).
2. Description: determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(14) and that such material is no longer classified as a solid waste per approval.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$ 2,000

(aa)(1) (BWPSW40) Permits for solid waste management

1. Category: determination of beneficial use – use of secondary materials in a DEP regulated system pursuant to 310 CMR 19.060(15).
2. Description: a determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in

accordance with 310 CMR 19.060(15) and that such material is adequately regulated and no longer classified as a solid waste per approval.

3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~October 6, 2006~~,

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$2,000

(aa)(2) (BWPSW41) Permits for solid waste management

1. Category: determination of beneficial use – use of secondary materials in restricted applications pursuant to 310 CMR 19.060(16).

2. Description: determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(16) and that such material is no longer classified as a solid waste per approval.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~,

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$3,750

(aa)(3) (BWPSW42) Permits for solid waste management

1. Category: determination of beneficial use – use of a secondary material in an unrestricted application pursuant to 310 CMR 19.060(17).

2. Description: a determination that the proposed use of a solid waste constitutes the beneficial use of a secondary material when reviewed in accordance with 310 CMR 19.060(17) and that such material is no longer classified as a solid waste per approval

3. Schedule of Timely Action: For projects for which applications are filed and/or fees received on or after October 6, 2006 individual rule project subject to 310 CMR 4.05.

4. Permit application fee: individual rule project subject to 310 CMR 4.05.

- (aa)(4) (BWPSW44) Permits for solid waste management
1. Category: determination of beneficial use – modification
 2. Description: Modification of a previously approved determination of beneficial use permit in accordance with 310 CMR 19.060.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 6, 2006~~,
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 24 ~~30~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 24 ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$925
- (bb) (BWPSW14) Permits for solid waste management
1. Category: special waste determination- major category.
 2. Description: For materials in a quantity of 20 tons or more: approval for a facility to accept a listed or other special waste and/or a determination whether a material is a special waste that requires special handling or disposal techniques or methodologies, pursuant to 310 CMR 19.061.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 36 ~~45~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 36 ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,580
- (cc) (BWPSW31) Permits for solid waste management
1. Category: special waste determination- minor category
 2. Description: For materials in a quantity of less than 20 tons: approval for a facility to accept a listed or other special waste and/or a determination whether a material is a special waste that requires special handling or disposal techniques or methodologies, pursuant to 310 CMR 19.061.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after June 15, 2007, ~~June 27, 2003~~

- a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 24 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$ 400

Combustion Facility

(dd) (BWPSW15) Permits for solid waste combustion facility

1. Category: Permits for construction or operation of new solid waste combustion facility or expansion of an existing facility, pursuant to 310 CMR 19.030 and 19.041.
2. Schedule for timely action: for projects filed on or after October 7, 2005, individual rule project subject to 310 CMR 4.05.
3. Permit application fee: individual rule project subject to 310 CMR 4.05.

(ee) (BWPSW16) Permits for solid waste combustion facility

1. Category: Permit for modification of an existing combustion facility pursuant to 310 CMR 19.039 but not including capacity expansion pursuant to 310 CMR 19.030.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 7, 2005,~~
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 72 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 72 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Where a variance pursuant to 310 CMR 19.080 is required, the time periods for completion of technical reviews shall each be increased by 30 days.
3. Permit application fee: \$4,305

Demonstration Projects

(ff) (BWPSW32) Permit for Solid Waste Demonstration Project

1. Category: approval for major demonstration project pursuant to 310 CMR 16.05(10) or 310 CMR 19.062
2. Description:

- a. Approval of a scope of work for the demonstration of the addition of waste water treatment sludge to an existing solid waste composting operation.
 - b. Approval of a scope of work for the demonstration of a new composting operation processing solid waste or processing solid waste with waste water treatment sludge.
 - c. Approval of a scope of work for the demonstration of the effectiveness of a material or technology which requires design review or facility construction.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **24** ~~30~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,690
- (gg) (**BWPSW33**) Permit for Solid Waste Demonstration Project
1. Category: approval of major demonstration project report pursuant to 310 CMR 16.05(10) or 310 CMR 19.062.
 2. Description:
 - a. Approval of a report that demonstrates the addition of wastewater treatment sludge to an existing solid waste composting operation.
 - b. Approval of report that demonstrates a new composting operation processing solid waste or processing solid waste with waste water treatment sludge.
 - c. Approval of a report that demonstrates the effectiveness of a material or technology which requires design review or facility construction.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

- d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$4,030
- (hh) (BWPSW35) Permit for Solid Waste: Demonstration Project
 1. Category: approval of a minor demonstration project pursuant to 310 CMR 16.05(10) or 310 CMR 19.062.
 2. Description:
 - a. Approval for a project to demonstrate the addition of compostable materials to an existing composting operation.
 - b. Approval for a project to demonstrate a new composting operation which will receive not more than a total of 500 tons or 1000 cubic yards of compostable material as defined in 310 CMR 19.006, whichever is less, over the approved operating period of the project.
 - c. Approval for a project to demonstrate the effectiveness of an operating method or material used in daily operations which does not require design review or facility construction.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **24** ~~30~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$560
- (ii) (BWPSW36) Permits for Post-Closure use.
 1. Category: Permit for post-closure use: major category. Approval of a solid waste management facility site for any purpose other than that established in the permit or plan approval after closure of the facility pursuant to 310 CMR 19.016 and, when the post-closure use is at a landfill, 310 CMR 19.143.
 2. Description: Approval for post-closure use that includes:
 - a. construction of an enclosed or occupied structure; or
 - b. an activity that involves either significant changes or potentially adverse impacts to the final cover system.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$2,790
- (jj) (BWPSW37) Permits for Post-Closure use.
1. Category: Permit for post-closure use: minor category. Approval of a solid waste management facility site for any purpose other than that established in the permit or plan approval after closure of the facility pursuant to 310 CMR 19.016 and, when the post-closure use is at a landfill, 310 CMR 19.143.
 2. Description: Approval for post-closure use that involves primarily passive uses with minimal actual or potential invasive impacts to the final cover system.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 20 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 20 days of the Department's statement identifying deficiencies, if any.
 - d. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,085.

Regulation page 114 Industrial Wastewater

(5) Bureau of Waste Prevention - Industrial Wastewater. Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, § 43 or § 27 which are classified by the following Standard Industrial Classification (SIC) codes:

1000-1399	Metal Mining, Coal Mining, Oil and Gas Exploration
1474-1499	Chemical/Fertilizer Mining, Nonmetallic Minerals
2000-3999	Manufacturing
4231	Maintenance Facilities for Motor Freight Transport
4581	Airports, Flying Fields and Airport Terminal Service
4911-4939	Electric and Gas Production
4953	Refuse Systems

7216	Drycleaning (except rug cleaning)
7217	Carpet and Upholstery Cleaning
7218	Industrial Laundries
7384	Photofinishing Laboratories
7532-7539	Automotive Repair Shops and Paint Shops
7549	Automotive Services
7819	Motion Picture Developing/Printing/Film Processing
8062-8069	Hospitals
8071	Medical Laboratories
8072	Dental Laboratories
8731	Commercial Physical and Biological Research
----	Remedial discharges under M.G.L. c. 21E at any active facility falling in one or more of the above SIC Code categories

shall use applicable permit categories of 310 CMR 4.10(5), UNLESS discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof, in which case, permits for discharge from these facilities shall use the permit categories of 310 CMR 4.10(7) of the Bureau of Resource Protection - Water Pollution Control or 310 CMR 4.10(6) Watershed Management for NPDES permits only, effective November 30, 1994. FACILITIES WITH A DISCHARGE REQUIRING A PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE SIC CODES SHALL USE APPLICABLE CATEGORIES SPECIFIED AT 310 CMR 4.10(7) or 310 CMR 4.10(6) Watershed Management.

Holding Tanks

See DEP permit category section

Groundwater Discharges

(b) (BWPIW02) Permits for Discharge of Industrial Wastewater Management Program: groundwater discharges

1. Category: groundwater discharge permit pursuant to 314 CMR 5.00 with experimental or alternative treatment technology or groundwater reclassification pursuant to 314 CMR 6.00 or for projects requiring a permit not specifically listed under other industrial wastewater categories.
2. Schedule of timely action: for applications filed on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
3. Permit application fee: Individual rule project subject to 310 CMR 4.05.

(c) (BWPIW03) Permits for Industrial Wastewater Management Program: groundwater discharges.

1. Category: permit and plan approval for Type II wastewater treatment facility.
2. Description: permit to discharge pursuant to 314 CMR 5.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007** ~~June 27, 2003~~,

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~120~~ 450 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~120~~ 450 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$5,725
- (d) (BWPIW05) Permits for Industrial Wastewater Management Program: groundwater discharges.
1. Category: permit and plan approval for Type I wastewater treatment facility.
 2. Description: permit to discharge pursuant to 314 CMR 5.00 and authorization to construct and operate a Type I wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~96~~ 420 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~96~~ 420 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$ 2,945
- (e)(1) (BWPIW30) Permit for Industrial Wastewater Management Program: groundwater discharges.
1. Category: permit renewal or modification, with plan modification of wastewater treatment facility.
 2. Description: permit renewal or modification, with plan modification, for facility holding permit BWPIW03 or BWPIW05.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~88~~ 110 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~88~~ 110 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$1,340
- (e)(2) (BWPIW31) Permits for Industrial Wastewater Management Program: groundwater discharges.
1. Category: permit renewal or modification, without plan modification of wastewater treatment facility.
 2. Description: permit renewal or modification, without plan modification, for facility holding permit BWPIW03 or BWPIW05.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$600.
- (e)(3) (BWPIW32) Permits for Industrial Wastewater Management Program: groundwater discharges.
1. Category: plan approval for treatment system modification.
 2. Description: plan approval modification for facility holding permit BWPIW03 or BWPIW05.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.

- b. Within ~~90~~ 72 days of making a determination of administrative completeness, the Department shall complete a technical review.
- c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
- d. Within ~~90~~ 72 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$870.
- (f) (BWPIW) reserved
- (g) (BWPIW) reserved

Sewer Connection

(h) (BWPIW10) Permits for Industrial Wastewater Management Program: sewer connections/extensions

- 1. Category: permit and plan approval for Type II wastewater treatment facility.
- 2. Description: permit for discharge pursuant to 314 CMR 7.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
- 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 27, 2003~~ June 15, 2007,
 - a. Within ~~30~~ 24 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~120~~ 96 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~120~~ 96 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~90~~ 72 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$ 2,010.

(i) (BWPIW12) Permits for Industrial Wastewater Management Program: sewer connections/extensions

- 1. Category: permit and plan approval for Type I wastewater treatment facility.
- 2. Description: permit for discharge pursuant to 314 CMR 7.00 and authorization to construct, operate or modify a Type I wastewater treatment facilities, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **88** ~~110~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **88** ~~110~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$ 1,605.
- (j) (BWPIW23) Permits for Industrial Wastewater Management Program: sewer connection/extension.
1. Category: plan approval for a Type II wastewater treatment facility
 2. Description: approval of plan and authorization to construct and operate a Type II wastewater treatment facility pursuant to 314 CMR 12.00 for Type II facility as defined in 257 CMR 2.00. This category is only available for facilities which have obtained any and all permits required by M.G.L. c. 21, § 43, and regulations issued thereunder, and for a modification which will not require suspension, revocation or renewal of permit.
 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,340
- (k) (BWPIW24) Permits for Industrial Wastewater Management Program: sewer connection/extension.
1. Category: plan approval for a Type I wastewater treatment facility.
 2. Description: approval of plan and authorization to construct and operate a Type I wastewater treatment facility pursuant to 314 CMR 12.00 for Type I facility as defined in 257 CMR 2.00. This category is only available for facilities which have obtained any and all permits required by M.G.L. c. 21,

§§ 27 and 43 and for a modification which will not require suspension, revocation or renewal of permit.

3. Schedule for timely action: For projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$870.

(l)(1) (BWPIW33) Permits for Industrial Wastewater Management Program: Sewer Connections/extensions.

1. Category: permit without plan approval.

2. Description: permit for discharge to the sewer system pursuant to 314 CMR 7.00.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.

b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

e. Within **72** ~~90~~ days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.

4. Permit application fee: \$800

(l)(2) (BWPIW34) Permits for Industrial Wastewater Management Program: Sewer Connections/extensions.

1. Category: permit renewal or modification, without modification of wastewater treatment facility.

2. Description: Permit renewal or modification, without plan modification for facility holding permit BWPIW10 or BWPIW12.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
- b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
- c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
- d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- e. Within ~~72~~ 90 days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.

4. Permit application fee: \$600

(m) (BWPIW25) Permits for Industrial Wastewater Management Program: sewer connections

1. Category: permit to discharge with experimental or alternative treatment technology pursuant to 314 CMR 7.00.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, Individual rule project subject to 310 CMR 4.05.
3. Permit application fee: Individual rule project subject to 310 CMR 4.05.

(n) (BWPIW) reserved

(o) (BWPIW) reserved

Surface Water Discharges (NPDES)

(p) (BWPIW16) Permits for Industrial Wastewater Management Program: surface water (NPDES).

1. Category: permit and plan approval for Type II wastewater treatment facility.
2. Description: permit to discharge pursuant to 314 CMR 3.00 and authorization to construct and operate a Type II wastewater treatment facility, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, June 27, 2003

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
- b. Within ~~160~~ 200 days of making a determination of administrative completeness, or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
- c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
- d. Within ~~160~~ 200 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

- e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$4,555
- (q) (BWPIW18) Permits for Industrial Wastewater Management Program: discharge to surface water (NPDES).
 1. Category: permit and plan approval for Type I wastewater treatment facility.
 2. Description: permit to discharge pursuant to 314 CMR 3.00 and authorization to construct and operate a Type I wastewater treatment facilities, as required under 314 CMR 12.00 and defined in 257 CMR 2.00.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~120~~ 150 days of making a determination of administrative completeness, or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~120~~ 150 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$2,140.
- (r)(1) (BWPIW35) Permit for Industrial Wastewater Management Program: discharge to surface (NPDES).
 1. Category: Permit renewal or modification, with plan modification of wastewater treatment facility.
 2. Description: Permit renewal or modification, with plan modification for facility holding permit BWPIW16 or BWPIW18.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~88~~ 110 days of making a determination of administrative completeness or receipt of EPA draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.

- d. Within ~~88~~ 440 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90- days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$1,270.
- (r)(2) (BWPIW36) Permits for Industrial Wastewater Management Program: discharge to surface (NPDES).
 - 1. Category: permit renewal or modification, without modification of wastewater treatment facility.
 - 2. Description: Permit renewal or modification, without plan modification for facility holding permit BWPIW16 or BWPIW18.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~88~~ 440 days of making a determination of administrative completeness or receipt of EPA draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~88~~ 440 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~72~~ 90- days of the close of the period for public comment including any period for public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$600.
- (r)(3) (BWPIW37) Permits for Industrial Wastewater Management Program: discharge to surface (NPDES).
 - 1. Category: plan approval for treatment system modification.
 - 2. Description: Plan approval modification for facility holding permit BWPIW16 or BWPIW18.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90- days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

- d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit application fee: \$800.
- (s) (BWPIW26) Permits for Industrial Wastewater Management Program: discharge to surface water.
 - 1. Category: permit to discharge with experimental or alternative treatment technology pursuant to 314 CMR 3.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: Individual rule project subject to 310 CMR 4.05.
- (t) (BWPIW27) Permits for Industrial Wastewater Management Program: miscellaneous.
 - 1. Category: projects requiring a permit not specifically described in other BWPIW categories and including, but not limited to lagoon closure, determination of categorical applicability.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after July 1, 1992, Individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: Individual rule project subject to 310 CMR 4.05

 - (h) (BRPWS) reserved
- Zone 2 Determination for Existing Sources of Drinking Water
- (i) (BRPWS07) Zone 2 determination for existing sources of drinking water
 - 1. Category: approval to conduct a pumping test at an existing source for purposes of Zone II delineation.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~36~~ 45 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~36~~ 45 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$790
 - (j) (BRPWS08) Zone 2 determination for existing sources of drinking water
 - 1. Category: approval of Zone II delineation for existing source
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$2,635
 - (k) (BRPWS) reserved

- (l) (BRPWS) reserved

Cross Connection

- (m) (BRPWS09) Permits for water supply: cross connection control
1. Category: plan approval
 2. Description: cross connection plan approval pursuant to 310 CMR 22.22(3)
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$85
- (n) (BRPWS10) Permits for water supply: cross connections
1. Category: Certification of backflow prevention device testers and cross connection surveyors pursuant to 310 CMR 22.22(13)
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~December 25, 1998~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a technical review.
 4. Permit application fee:
 - a. certification of cross connection surveyor excluding currently certified testers: \$55
 - b. certification of backflow prevention device tester excluding currently certified surveyors: \$55
 - c. certification of backflow prevention device tester and cross connection surveyor: \$55

New Technology Approval

- (o) (BRPWS11) Permits for water supply: new technology approval
1. Category: approval of new technology pursuant to 310 CMR 22.04(8)--minor
 2. Description: new technology approval where no field test required
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,845
- (p) (BRPWS27) Permits for new technology with third-party approval
1. Category: approval of new technology pursuant to 310 CMR 22.04(8)
 2. Description: approval of drinking water additives previously approved by a third party.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, June 27, 2003
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~24~~ 30 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~24~~ 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$240
- (q) (BRPWS31) Permits for vending and POU/POE Devices
1. Category: approval pursuant to 310 CMR 22.04(1) and 310 CMR 22.23(4) for vending machines and POU/POE treatment devices that have previous third party approval.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, June 27, 2003
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$240.

- (r) (BRPWS28) Permits for new technology
1. Category: approval of one vending site/source prototype pursuant to 310 CMR 22.04(4) -- minor.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$1,125.
- (s) (BRPWS12) Permits for water supply: new technology approval
1. Category: approval of new technology pursuant to 310 CMR 22.04(8) -- major
 2. Description: new technology approval where field test is required
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after August 17, 2001, individual rule project subject to 310 CMR 4.05.
 4. Permit application fee: for projects for which applications are filed and fees received on or after August 17, 2001, individual rule project subject to 310 CMR 4.05.

Water Quality Assurance/New Source Approval

- (t) (BRPWS13) Permits for water supply, water quality assurance: new source approval
1. Category: Approval to site source under 70 gallons per minute pursuant to 310 CMR 22.21.
 2. Description: approval of exploratory phase work, site examination and land use survey, and approval to conduct pumping test in accordance with the current guidelines and policies for public water systems and 310 CMR 22.21.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.

- d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$1,125.
- (u) (Reserved)
- (v) (BRPWS15) Permits for water supply: water quality assurance: new source approval.
 1. Category: approval of pumping test report and approval to construct sources under 70 gallons per minute in accordance with current guidelines and policies for public water systems and 310 CMR 22.21.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, June 27, 2003
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 48 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$1,290
- (w) (Reserved)
- (x) (BRPWS17) Permits for water supply, water quality assurance: new source approval
 1. Category: Approval to site source 70 gallons per minute or greater and to conduct pumping test.
 2. Description: approval of exploratory phase work, site screening, site examination, land use survey, and to conduct pumping test pursuant to 310 CMR 22.21.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, October 6, 2006
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 72 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$3,950

(z) (BRPWS19) Permits for water supply: water quality assurance: new source approval.

1. Category: approval of pumping test report for source 70 gallons per minute or greater pursuant to 310 CMR 22.21
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **96** ~~120~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **96** ~~120~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$6,680

(aa) (BRPWS20) Permits for water supply: water quality assurance: new source approval.

1. Category: approval to construct source 70 gallons per minute or greater pursuant to 310 CMR 22.21.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 8, 2004~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. A BRPWS20 application may be submitted concurrently with a BRPWS19 application in which case both permits will be subject to the BRPWS19 application schedule for timely action.
3. Permit application fee: \$2,370.

Water Quality Assurance/ Water Treatment

(bb) (BRPWS21) Permits for water supply water quality assurance: water treatment

1. Category: approval to conduct pilot study, pursuant to 310 CMR 22.03(1) and (2), 22.04
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.

- b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 3. Permit application fee: \$1,050
- (cc) (BRPWS22) Permits for water supply water quality assurance: water treatment
 - 1. Category: approval of pilot study report
 - 2. Description: pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~48~~ 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$2,635
- (dd) (BRPWS23) Permits for water supply: water treatment
 - 1. Categories: approval to construct a facility to treat the following daily volumes pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04:
 - a. WS23 A: less than 40,000 gallons per day;
 - b. WS23 B: 40,000 gallons per day or more, and less than 200,000 gallons per day;
 - c. WS23 C: 200,000 gallons per day or more, and less than one million gallons per day.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~October 7, 2005~~,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review,
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee:
 - a. WS23 A: \$950
 - b. WS23 B: \$1,500
 - c. WS23 C: \$4,215
- (ee) (BRPWS24) Permits for water supply water quality assurance: water treatment

1. Category: treatment approval to construct a facility to treat 1 mgd or greater pursuant to 310 CMR 22.03(1) and (2) and 310 CMR 22.04
 2. Schedule for timely action: for applications filed on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 3. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (ff) (BRPWS25) Permits for water supply water quality assurance: water treatment
1. Category: approval of treatment facility modification, pursuant to 310 CMR 22.03(1) and (2), 22.04
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$1,495
- (gg) (BRPWS29) Permits for water quality assurance: water treatment
1. Category: approval of chemical addition retrofit of water systems that serve more than 3300 people.
 2. Description: approval of water treatment modifications for the addition of chemicals pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee: \$575
- (gg)(1) (BRPWS34) Permits for water quality assurance: water treatment
1. Category: approval of chemical addition retrofit of water systems that serve less than or equal to 3300 people.
 2. Description: approval of water treatment modifications for the addition of chemicals pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.

3. Schedule of timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$285.

Water Quality Assurance

(hh) (BRPWS26) Permits for water quality assurance

1. Category: approval of sale of land for water supply purposes pursuant to 310 CMR 22.24, or of acquisition of land to be used for water supply purposes pursuant to M.G.L. c. 165, § 4B.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit Application fee: \$1,050

(hh)(1) (BRPWS32) Permits for water quality assurance: Distribution System Modifications

1. Category: approval of distribution system modifications such as storage tanks, distribution pump stations, transmission main installation, *etc.* for water systems that serve more than 3300 people.
2. Description: approval of distribution system modifications pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit Application fee: \$860

(hh)(2) (BRPWS33) Permits for water quality assurance: Distribution System Modifications

1. Category: approval of distribution system modifications such as storage tanks, distribution pump stations, transmission main installation, *etc.* for water systems that serve less than or equal to 3300 people.

2. Description: approval of distribution system modifications pursuant to 310 CMR 22.03 (1), (2) and 310 CMR 22.04.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~

a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within 48 60 days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

4. Permit application fee: \$430

(hh)(3) (BRPWS36) Permits for water quality assurance

1. Category: approval of abandonment of a water source pursuant to 310 CMR 22.25,

2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 12, 1998~~,

a. Within 48 60 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.

b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.

c. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

3. Permit Application Fee: \$60

(ii) (BRPWS30) Permits for water supply: vending machine and POU/POE device

1. Category:

a. WS30 A: approval to install one type of vending machine at 1 to 9 locations on the same public water distribution system or

b. WS30 B: approval to install one type of POU/POE device at 1 to 9 locations on the same public water distribution system.

2. Description: approval to install vending machine and POU/POE water treatment device pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 7, 2005~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee:
 - a. WS30 A: \$240
 - b. WS30 B: \$240
- (ii)(1) (BRPWS35) Permits for water supply: vending machine and POU/POE treatment device
1. Category:
 - a. WS35A: approval to install one type of vending machine at ten or more locations on the same public water distribution system, or
 - b. WS35B: approval to install one type of POU/POE device at ten or more locations on the same public water distribution system.
 2. Description: approval to install vending machine and POU/POE device pursuant to 310 CMR 22.03(1), (2) and 310 CMR 22.04.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 7, 2005~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials for the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit Application fee:
 - a. WS35 A: \$1,330
 - b. WS35 B: \$1,330

Regulation page 130 Watershed Management

Watershed Management

(mm) (BRPWM01) Permits for watershed management

1. Category: Transfer of right to withdraw water pursuant to 310 CMR 36.09 (registrations) or 310 CMR 36.36 (permits).

2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an initial review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 3. Permit application fee: \$175
- (nn) (BRPWM02) Permits for watershed management
1. Category: amendments to existing withdrawal permits pursuant to 310 CMR 36.35.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **36** ~~45~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$1,580
- (oo) (BRPWM03) Permits for watershed management
1. Category: withdrawal permits pursuant to 310 CMR 36.17 through 36.34 and 36.41.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **72** ~~90~~ days of receipt of an application and payment of the permit application fee, or of the filing date established in 310 CMR 36.18, whichever is later, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies by the later date of (i) within 90 days of the Department's statement identifying deficiencies or (ii) within six months of the date the original complete application is filed pursuant to 310 CMR 4.00
 - c. Within **72** ~~90~~ days of the completion date, or within the period established pursuant to 310 CMR 36.26(2), the Department shall complete a supplemental technical review.
 3. Permit application fee: \$3,340.
- (pp) (BRPWM04) Permits for watershed management.
1. Category: Approval to apply herbicide(s) to waters of the Commonwealth pursuant to M.G.L. c. 111, § 5E.

2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Department shall complete a technical review.

c. The permit applicant may remedy identified deficiencies within 14 days of the Department's statement identifying deficiencies, if any.

d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

3. Permit application fee: \$80.

Surface Water Discharge (NPDES). Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, § 43 or § 27 which are classified by the following Standard Industrial Classification (SIC) Codes:

1000-1399 Metal Mining, Coal Mining, Oil and Gas Exploration

1474-1499 Chemical/Fertilizer Mining, Nonmetallic Minerals

2000-3999 Manufacturing

4231 Maintenance Facilities for Motor Freight Transport

4581 Airports, Flying Fields and Airport Terminal Service

4911-4939 Electric and Gas Production

4953 Refuse Systems

7216 Drycleaning (except rug cleaning)

7217 Carpet and Upholstery Cleaning

7218 Industrial Laundries

7384 Photofinishing Laboratories

7532-7539 Automotive Repair Shops and Paint Shops

7549 Automotive Services

7819 Motion Picture Developing/Printing/Film Processing

8062-8069 Hospitals

8071 Medical Laboratories

8072 Dental Laboratories

8731 Commercial Physical and Biological Research

---- Remedial discharges under M.G.L. c. 21E at any active facility falling in one or more of the above SIC Code categories shall use applicable permit categories of 310 CMR 4.10(6) Watershed Management (NPDES), ONLY IF: discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof. FACILITIES WITH A DISCHARGE REQUIRING AN NPDES PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODES SHALL USE THE APPLICABLE CATEGORIES SPECIFIED IN 310 CMR 4.10(6) Watershed Management. All other surface water

discharge (NPDES) permits shall use the applicable categories specified at 310 CMR 4.10(5) of the Bureau of Waste Prevention - Industrial Wastewater.

(qq) (BRPWM05) Permits for watershed management.

1. Category: Type II NPDES surface water discharge permit pursuant to 314 CMR 3.00 and M.G.L. c. 21, § 43.
2. Description: permit to discharge pursuant to 314 CMR 3.03 for a Type II facility as defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **160** ~~200~~ days of making a determination of administrative completeness or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.
 - d. Within **160** ~~200~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$5,525

(rr) (BRPWM06) Permits for watershed management.

1. Category: Type I surface water discharge permit pursuant to 314 CMR 3.00 and M.G.L. c. 21, § 43.
2. Description: permit to discharge pursuant to 314 CMR 3.03 for a Type I facility as defined in 257 CMR 2.00.
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **120** ~~150~~ days of making a determination of administrative completeness or receipt of EPA's draft NPDES permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **120** ~~150~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.

4. Permit application fee: \$2,580
- (ss) (BRPWM07) Permits for watershed management.
1. Category: permit modification or renewal.
 2. Description: renewals or modifications of permits for existing permitted facilities as defined in BRPWM05 and BRPWM06.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **48** ~~60~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$805
- (tt) (BRPWM08) Permits for watershed management.
1. Category: general permit notice of intent for stormwater.
 2. Description: general permit notification for discharges not required to have an individual surface water discharge (NPDES) permit pursuant to 314 CMR 3.06 and that file and qualify for inclusion in EPA's NPDES general permit for stormwater.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee: \$80
- (uu) (BRPWM09) Permits for watershed management.
1. Category: approval of stormwater management plan
 2. Description: review and approval of a stormwater management plan for discharges to Outstanding Resource Waters and coastal Areas of Critical Environmental Concern and other stormwater discharges pursuant to 314 CMR 3.06 as required by the Department, and that file and qualify for inclusion in EPA's NPDES general permit for stormwater.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~

- a. Within 24 30 days of receipt of an application and payment of the appropriate fee, the Department shall complete an administrative completeness review.
 - b. Within 48 60 days of making a determination of administrative completion, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 48 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review and approve or disapprove the plan.
4. Permit application fee: \$775
- (vv) (BRPWM10) Permits for watershed management.
 1. Category: general permit for construction site dewatering.
 2. Description: permit to discharge construction site dewatering to surface water pursuant to 314 CMR 3.06 under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department or a general permit issued by the Department.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 6, 2006~~,
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 24 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$385.
- (ww) (BRPWM11) Permits for watershed management.
 1. Category: general permit for non-contact cooling water.
 2. Description: permit to discharge non-contact cooling water to surface water for discharges less than 1.0 MGD under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department or a general permit pursuant to 314 CMR 3.06 issued by the Department.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 6, 2006~~,
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

- d. Within 24 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$385
- (xx) (BRPWM12) Permits for watershed management.
 1. Category: general permit for groundwater remediation.
 2. Description: general permit to discharge treated groundwater from 21E remediation sites to surface water under the provisions of a general permit issued by U.S. Environmental Protection Agency and certified by the Department for a general permit pursuant to 314 CMR 3.06 issued by the Department.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 6, 2006,~~
 - a. Within 24 30 days of receipt of a application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 24 30-days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$775
- (yy) (BRPWM13) Permits for watershed management.
 1. Category: general permit for minor non-process wastewater discharges.
 2. Description: general permit to discharge wastewater from minor discharges pursuant to 314 CMR 3.06 which includes underdrains from sand filter systems and other discharges which are not subject to traditional wastewater treatment systems.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 6, 2006,~~
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 48 60 days of making a determination of administrative completeness or receipt of EPA's draft permit, whichever is later, the Department shall complete a technical review.
 - c. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 24 30 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.

4. Permit application fee: \$775
- (zz) (BRPWM14) Permits for watershed management.
 1. Category: general permit for surface water discharges, notice of intent.
 2. Description: general permit notification for discharges not required to have an individual surface water discharge (NPDES) permit pursuant to 314 CMR 3.06 and that file and qualify for inclusion in an EPA NPDES general permit category.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within 20 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within **24** ~~30~~ days after the end of public comment period, if any, the Department shall complete a final review.
 4. Permit application fee: \$ 385

Regulation page 130.4 Water Pollution Control

(7) Bureau of Resource Protection - Water Pollution Control. Facilities with a discharge requiring a permit pursuant to M.G.L. c. 21, §§ 43 or 27, and regulations issued thereunder AND which are classified by the following Standard Industrial Classification (SIC) Codes:

1000-1399	Metal Mining, Coal Mining, Oil and Gas Exploration
1474-1499	Chemical/Fertilizer Mining, Nonmetallic Minerals
2000-3999	Manufacturing
4231	Maintenance Facilities for Motor Freight Transport
4581	Airports, Flying Fields and Airport Terminal Service
4911-4939	Electric and Gas Production
4953	Refuse Systems
7216	Drycleaning (except rug cleaning)
7217	Carpet and Upholstery Cleaning
7218	Industrial Laundries
7384	Photofinishing Laboratories
7532-7539	Automotive Repair Shops and Paint Shops
7549	Automotive Services
7819	Motion Picture Developing/Printing/Film Processing
8062-8069	Hospitals
8071	Medical Laboratories
8072	Dental Laboratories
8731	Commercial Physical and Biological Research
----	Remedial discharges under M.G.L. c. 21E at any active facility falling

in one or more of the above SIC Code categories.

shall use applicable permit categories of 310 CMR 4.10(7), ONLY IF: discharges are solely non-contact cooling water, stormwater, construction dewatering, sewage, remedial actions pursuant to M.G.L. c. 21E at inactive facilities or any combination thereof. FACILITIES WITH A DISCHARGE REQUIRING A PERMIT THAT ARE NOT CLASSIFIED BY THE ABOVE STANDARD INDUSTRIAL CLASSIFICATION (SIC) CODES SHALL USE THE APPLICABLE CATEGORIES SPECIFIED IN 310 CMR 4.10(7). All other permits for discharge shall use the applicable categories specified at 310 CMR 4.10(5) of the Bureau of Waste Prevention - Industrial Wastewater.

Title 5

(a)(1) (BRPWP57) Permits for Water Pollution Control: Title 5

1. Category: approval for installation of a recirculating sand filter or approved equivalent alternative technology pursuant to 310 CMR 15.202.
2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a statement of technical deficiencies.
 - b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$430

(a)(2) (BRPWP58) Permits for Water Pollution Control: Title 5

1. Category: approval of plans to aggregate nitrogen loading or approval for installation of a shared system
2. Description:
 - a. Approval of nitrogen aggregation plans pursuant to 310 CMR 15.216 or
 - b. Approval for the installation of a shared system pursuant to 310 CMR 15.293,
3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Nitrogen aggregation
 - i. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - ii. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - iii. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.

- iv. Within 48 60- days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- b. Shared System
 - i. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - ii. Within 48 60- days of making a determination of administrative completeness, the Department shall complete a technical review.
 - iii. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - iv. Within 48 60- days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit Application Fee: \$1,580
- (a)(3) (BRPWP59) Permits for Water Pollution Control: Title 5
 - 1. Category: approval of variance
 - 2. Description:
 - a. (reserved)
 - b. Approval of variances pursuant to 310 CMR 15.412(2), granted by Board of Health, except variance for increased flow to existing system or
 - c. Approval of variance granted by Board of Health for increased flow pursuant to 310 CMR 15.414 or DEP issuance of variance for increased flow pursuant to 310 CMR 15.414
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 7, 2005~~,
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within 24 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$285
- (a)(4) (BRPWP60) Permits for Water Pollution Control: Title 5
 - 1. Category: variance from Title 5 provisions for schools pursuant to 310 CMR 15.416.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 30 days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

- c. Within ~~24~~ 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,580
- (a)(5) (BRPWP61) Permits for Water Pollution Control: Title 5
 - 1. Category: approval and renewal of approval or certification of alternative systems, approval of alternatives to grease traps, upgrades of failing large systems, and determinations that certain Title 5 provisions are manifestly unjust.
 - 2. Description:
 - a. Approval of alternative systems for remedial use pursuant to 310 CMR 15.284, or
 - b. Approval of alternative systems for pilot use, provisional use, or certification for general use and installations approved thereunder, pursuant to 310 CMR 15.281 through 15.288, or
 - c. Approval of alternative devices for grease removal pursuant to 310 CMR 15.230(12), or
 - d. Upgrades for failing large systems pursuant to 310 CMR 15.304, or
 - e. Determination that enforcement of the groundwater discharge permit requirements is manifestly unjust for a large system which is a significant threat pursuant to 310 CMR 15.304(2), or
 - f. Renewal of alternative system approval or certification where the expiration of an existing approval or certification is established as a special condition or provision pursuant to 310 CMR 15.285(4) or 15.286(3) or 15.288(3) and 15.284.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~October 8, 2004~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit Application fee: \$1500
- (a)(6) (BRPWP62) Permits for Water Pollution Control: Title 5
 - 1. Category: determination of acceptability for the use of septic system additives, soil absorption conditioners, and approval of effluent tee filters.
 - 2. Description: determination of acceptability for the use of septic system additives pursuant to 310 CMR 15.027, soil absorption conditioners pursuant to 310 CMR 15.028, and effluent tee filters pursuant to 310 CMR 15.289(4).
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~

- a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the department shall complete an administrative review.
 - b. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
- 4. Permit Application fee: \$930.
- (a)(7) (BRPWP63) Permits for Water Pollution Control: Title 5
 - 1. Category: disposal system construction permit for state or federal facilities.
 - 2. Description: disposal system construction permit for new systems, upgrade of small systems, upgrade of large systems which do not trigger failure criteria at 310 CMR 15.303, and/or expansion at state or federal facilities, with or without variances which accompany the permit pursuant to 310 CMR 15.000.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~June 27, 2003~~
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$930
- (a)(8) (BRPWP64) Permits for Water Pollution Control: Title 5
 - 1. Category: approval of site use of alternative technology not included in other categories, and approval of tight tanks.
 - 2. Description:
 - a. Approval of a tight tank pursuant to 310 CMR 15.260, or
 - b. Approval of installation of an alternative system for pilot use pursuant to 310 CMR 15.281 and 15.285, excluding approved grease devices or systems approved pursuant to BRPWP61 for piloting, provisional or general use, and excluding permits under BRPWP57, or
 - c. Approval of installation of alternative system pursuant to 310 CMR 15.284 for remedial use.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~, ~~October 6, 2006~~
 - a. Tight Tanks

- i. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a statement of technical deficiencies.
 - ii. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - iii. Within ~~24~~ 30 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - b. Installation of alternative system for pilot use or remedial use
 - i. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - ii. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - iii. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - iv. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$430.
- (a)(10) (BRPWP66) Permits for Water Pollution Control: Title 5
- 1. Category: upgrade, expansion or continued use of large systems or review determined necessary pursuant to 310 CMR 15.003(2)(d) or (e).
 - 2. Description:
 - a. approval for upgrade, expansion or continued use of large systems pursuant to 310 CMR 15.003(2)(d), excluding permits BRPW61 or BRPWP63.
 - b. approval of system required by the Department pursuant to 310 CMR 15.003(2)(e).
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 27, 2003~~ June 15, 2007,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~48~~ 60 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$930
- (a)(11) (BRPWP67) Permits for Water Pollution Control: Title 5
- 1. Category: approval of sewer pumps prior to the septic tank pursuant to 310 CMR 15.229.

2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$70.
- (a)(12) (BRPWP70) Permits for Water Pollution Control: Title 5
1. Category: request for alternative design flow pursuant to 310 CMR 15.203(6).
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~October 6, 2006~~
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - c. Within **24** ~~30~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 3. Permit application fee: \$ 627.
- Groundwater Discharges
- (e) (BRPWP42) Permits for water pollution control: groundwater discharges.
1. Category: groundwater reclamation projects.
 2. Description: Approval for discharges necessary to remediate groundwater contamination.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$1,775.
- (f) (BRPWP) reserved
- (g) (BRPWP) reserved

- (h) (BRPWP05) Permits for water pollution control: groundwater discharges
 - 1. Category: groundwater discharge permit pursuant to 314 CMR 5.00 with experimental or alternative treatment technology or for projects requiring a permit not specifically listed under major, minor, other or reclamation permit categories.
 - 2. Schedule of timely action: for applications filed on or after December 25, 1998, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: individual rule project subject to 310 CMR 4.05.
- (i) (BRPWP06) Permits for water pollution control: groundwater discharges
 - 1. Category: major groundwater discharge.
 - 2. Description: permits for discharge of sewage with more advanced than secondary treatment which includes but is not limited to nitrification, denitrification, and or phosphorous removal; permit for the discharge of greater than 150,000 gpd of sewage.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~September 6, 2002~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **160** ~~200~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.
 - d. Within **160** ~~200~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$13,875
- (j) (BRPWP08) Permits for water pollution control: groundwater discharges
 - 1. Category: minor groundwater discharge
 - 2. Description: permits for the discharge of 150,000 gpd or fewer of sewage with secondary treatment or less than secondary treatment; or discharges from coin operated laundromats and carwashes.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **160** ~~200~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 200 days of the Department's statement identifying deficiencies, if any.

NON-TEXT PAGE

- d. Within **160** ~~200~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$4,840
- (k) (BRPWP10) Permits for water pollution control: groundwater discharges
 - 1. Category: other groundwater discharges.
 - 2. Description: permits for discharge of noncontact cooling water or stormwater; discharges with a heat exchanger as the sole treatment provided; discharges with pH adjustment and/or oil water separator as the sole means of treatment; or discharges from construction dewatering.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$2,285
- (l) (BRPWP11) Permits for water pollution control: groundwater discharges
 - 1. Category: permit modification or renewal, with plan approval.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **96** ~~120~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **96** ~~120~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.

4. Permit application fee: \$1,490
- (m) (BRPWP12) Permits for water pollution control: groundwater discharges
 1. Category: permit modification or renewal without plan approval.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within 96 ~~120~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within 96 ~~120~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within 72 ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$725.

Treatment Works Plan Approval

- (n) (BRPWP68) Permits for Water Pollution Control: treatment works plan approval
 1. Category: treatment works plan approval.
 2. Description: Plan approval for modifications to existing facilities with permitted discharges to the ground or surface water pursuant to 314 CMR 3.00 or 5.00, including existing facilities permitted under BRPWM05 or BRPWM06.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after June 15, 2007, ~~June 27, 2003~~
 - a. Within 24 ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative review.
 - b. Within 72 ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - d. Within 72 ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
3. Permit application fee: \$790

Holding Tanks

See DEP permit category section

Sewer Connections/Extensions

- (t) (BRPWP55) Permits for water pollution control: sewer connections/extensions.
 1. Category: large industrial wastewater sewer connection

2. Description: Industrial wastewater sewer connection permit, renewal or modification pursuant to 314 CMR 2.00 or 314 CMR 7.00 for a total design flow equal to or greater than 15,000 gallons per day which is not resulting from a M.G.L. c. 21E remediation project.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **36** ~~45~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - b. The permit applicant may remedy any identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - c. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 20 days of the close of the period for public comment, including a public hearing, if any, the Department shall complete a public comment review.
 4. Permit application fee: \$965
- (u) (BRPWP71) Permits for water pollution control: sewer connections/extensions
1. Category: sewer extension equal to or greater than 1000 feet.
 2. Description: permit pursuant to 314 CMR 7.03 and 7.09(5) for extension of sewer equal to or greater than 1,000 feet.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~January 12, 2007~~
 - a. Within **36** ~~45~~ days of receipt of an application and payment of the permit application fee, the Department shall complete a technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.
 - c. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - d. Within 20 days of the close of the period for public comment, including a public hearing, if any, the Department shall complete a public comment review.
 4. Permit application fee: \$2545
- (v) (BRPWP72) Permits for water pollution control: sewer connections/extensions
1. Category: sewer extension certification for extensions less than 1000 feet.
 2. Description: Certification pursuant to 314 CMR 7.17 for extension of sewer less than 1,000 feet.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after January 12, 2007,
 - a. Within 14 days of receipt of an application and payment of the permit application fee, the Department shall complete a review. Unless the

Department issues a statement of deficiencies the certification is deemed a complete and final review.

b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.

c. Within 14 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a review. Unless the Department issues a denial the certification is deemed a complete and final review.

4. Permit application fee: \$410

(w) (BRPWP73) Permits for water pollution control: sewer connections/extensions

1. Category: sewer connection certification.

2. Description: Certification pursuant to 314 CMR 7.17 for sewer connection for sanitary or industrial discharge greater than 15,000 gallons per day.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after January 12, 2007,

a. Within 14 days of receipt of an application and payment of the permit application fee, the Department shall complete a review. Unless the Department issues a statement of deficiencies the certification is deemed a complete and final review.

b. The permit applicant may remedy identified deficiencies within 30 days of the Department's statement identifying deficiencies, if any.

c. Within 14 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a review. Unless the Department issues a denial the certification is deemed a complete and final review.

4. Permit application fee: \$410

(x) (BRPWP74) Permits for water pollution control: sewer connections/extensions

1. Category: sewer connection.

2. Description: Permit pursuant to 314 CMR 7.03 and 7.09(6) for new sewer connection or addition to an existing connection for discharges greater than 50,000 gallons per day.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007,** ~~January 12, 2007,~~

a. Within **36** ~~45~~ days of receipt of an application and payment of the permit application fee, the Department shall complete technical review.

b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any.

c. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

d. Within 20 days of the close of the period for public comment, including a public hearing, if any, the Department shall complete a public comment review.

4. Permit application fee: \$ 1,310

(PAGES 135 AND 136 ARE RESERVED FOR FUTURE USE.)

Residuals Management

- (aa) (BRPWP28) Permits for water pollution control: residuals management.
 - 1. Category: approval of sampling and analysis plan for land application of residuals, as required prior to classification and permit for land application.
 - 2. Description: approval of sampling and analysis plan pursuant to 310 CMR 32.00 for beneficial use of sludge, sludge products or septage.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$700
- (bb) (BRPWP29) Permits for water pollution control: residuals management.
 - 1. Category: determination of suitability for land application of residuals.
 - 2. Description: classification of sludge, sludge products, or septage prior to land application for beneficial use, pursuant to 310 CMR 32.00
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **48** ~~60~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 - 4. Permit application fee: \$1,140
- (cc) (BRPWP30) Permits for water pollution control: residuals management
 - 1. Category: certification pursuant to 310 CMR 32.00 of major projects for land application of sludge, sludge products, or septage.
 - 2. Description: land application certification for Type 2 or Type 3 classified residuals, for projects of 0.5 acres or more.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
4. Permit application fee: \$2,370
- (dd) (BRPWP31) Permits for water pollution control: residuals management
 1. Category: certification pursuant to 310 CMR 32.00 of minor projects for land application of sludge, sludge products, or septage.
 2. Description: land application certification for Type 2 or Type 3 classified residuals, for projects of less than 0.5 acre.
 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **72** ~~90~~ days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
 4. Permit application fee: \$615
- (ee) (BRPWP32) Permits for water pollution control: residuals management
 1. Category: renewal or modification of certification pursuant to 310 CMR 32.00 of projects for land application of sludge, sludge products, or septage.
 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within ~~60~~ 48 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 60 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~60~~ 48 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within ~~60~~ 48 days of the close of the period for public comment, including any public hearing, the Department shall complete a public comment review.
- 4. Permit application fee: \$260
- (ff) (BRPWP33) Permits for water pollution control: residuals management
 - 1. Category: approval of wastewater treatment residuals landfill, pursuant to M.G.L. c. 21, §§ 27 or 43(2), M.G.L. c. 83, §§ 6 and 7, or M.G.L. c. 21A, § 13, 314 CMR 5.00 or 314 CMR 3.00, or 314 CMR 7.00.
 - 2. Schedule of timely action: for applications received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
 - 3. Permit application fee: for projects for which applications are filed and fees received on or after July 1, 1992, individual rule project subject to 310 CMR 4.05.
- (gg) (BRPWP34) Permits for water pollution control: residuals management
 - 1. Category: approval of closure of wastewater treatment residuals landfill, pursuant to M.G.L. c. 21, §§ 27 and 43(2), M.G.L. c. 83, §§ 6 and 7, M.G.L. c. 21A, § 13 or 314 CMR 5.00, or 314 CMR 3.00 or 314 CMR 7.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 27, 2003~~ June 15, 2007
 - a. Within ~~30~~ 24 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~90~~ 72 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~90~~ 72 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$7,120
- (hh) (BRPWP35) Permits for water pollution control: residuals management.
 - 1. Category: approval of design plans and specifications for residuals management facilities, pursuant to M.G.L. c. 21, §§ 27 or 43(2), M.G.L. c. 83, §§ 6 and 7, or M.G.L. c. 21A, § 13 or 314 CMR 12.00.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 27, 2003~~ June 15, 2007
 - a. Within ~~30~~ 24 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within **120** ~~150~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **120** ~~150~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

- 3. Permit application fee: \$4,355
- (ii) (BRPWP44) Permits for water pollution control: residuals management.
 - 1. Category: modifications to permits for residuals landfills.
 - 2. Description: modifications to existing approvals including but not limited to changes in design, operation, and monitoring plans.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - 3. Permit application fee: \$1,775
- (jj) (BRPWP45) Permits for water pollution control: residuals management.
 - 1. Category: modifications to residuals management facilities.
 - 2. Description: modifications to existing plan approvals for all residual management facilities excluding residual landfills, but including and not limited to revisions to design, operation, monitoring, and material processing operations.
 - 2. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **72** ~~90~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within **72** ~~90~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.

3. Permit application fee: \$1,045

Wastewater Treatment Plant Operators

(pp) (BRPWP47) Permits for water pollution control: licenses for wastewater treatment plant operators.

1. Category: certification through reciprocity.
2. Description: certifications for the seven grades of wastewater treatment plant operators pursuant to 257 CMR 2.00 by reciprocity review and status.
3. Schedule for timely action: for certifications for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the application fee, the Board shall complete an administrative review.
 - b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Board shall complete a technical review.
 - c. The applicant may remedy identified deficiencies within 30 days of the Board statement of deficiencies.
 - d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to a statement identifying deficiencies, the Board shall complete a supplemental technical review.
4. Permit application fee: \$80

(qq) (BRPWP48) Permits for water pollution control: licenses for wastewater treatment plant operators.

1. Category: emergency and provisional certifications.
2. Description: approval of emergency and provisional certifications for the seven grades of wastewater treatment plant operators pursuant to 257 CMR 2.00.
3. Schedule for timely action: for certifications for which applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the application fee, the Board shall complete an administrative review.
 - b. Within **24** ~~30~~ days of making a determination of administrative completeness, the Board shall complete a technical review.
 - c. The applicant may remedy identified deficiencies within 30 days of the Board statement of deficiencies.
 - d. Within **24** ~~30~~ days of receipt of materials from the applicant in response to a statement identifying deficiencies, the Board shall complete a final technical review.
4. Permit application fee: \$30

Regulation page 141 Wetlands and Waterways

(8) Bureau of Resource Protection - Wetlands and Waterways

(a) (BRPWW01) Permits for waterways

1. Category: waterways license or permit: water-dependent use projects
2. Description: license or permit pursuant to 310 CMR 9.11(2)(a).
3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after **June 15, 2007**, ~~June 27, 2003~~,

- a. Within ~~36~~ 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within ~~48~~ 60 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.11(2) and 9.14(5).
 - d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
- 4. Permit application fee:
 - a. Residential water-dependent use projects for four dwelling units or less: \$175
 - b. Other water-dependent use projects: \$270
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.00: \$2,730
- (a)(1) (BRPWW14) Permits for waterways
 - 1. Category: waterways license or permit for nonwater-dependent projects with partial initial application
 - 2. Description: license or permit pursuant to 310 CMR 9.00 when an applicant initially submits a partial application and completes the application after the public hearing.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~ July 1, 2000,
 - a. Within ~~36~~ 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within ~~24~~ 30 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).
 - d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
 - 4. Permit application fee:
 - a. Residential nonwater-dependent use projects for 4 dwelling units or less: \$545
 - b. Other nonwater-dependent use projects: \$1,635

- c. Licenses with extended terms, or facilities described in 310 CMR 9.16(3)(b)(2): \$2,730
- (a)(2) (BRPWW15) Permits for waterways
 - 1. Category: Non-water Dependent project with initial full application
 - 2. Description: license or permit pursuant to 310 CMR 9.00, when an applicant initially submits a complete application for review prior to the public hearing.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after ~~June 15, 2007~~ July 1, 2000,
 - a. Within ~~36~~ 45 days of receipt of an application meeting the requirements of 310 CMR 9.11(3)(a), 9.11(3)(b)1., 2., 6., and 7., and 310 CMR 9.11(3)(c)1. through 3. and payment of the permit application fee, the Department shall assign a file number, complete an administrative completeness review and issue a public notice, in accordance with 310 CMR 9.13(1)(a).
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).
 - c. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).
 - 4. Permit application fee:
 - a. Residential nonwater-dependent use projects for four dwelling units or less: \$545
 - b. Other nonwater-dependent use projects: \$1,635
 - c. Licenses with extended terms, or facilities described in 310 CMR 9.16(3)(b)(2): \$2,730
- (a)(3) (BRPWW16) Permits for waterways
 - 1. Category: waterways license or permit for nonwater-dependent projects within a Municipal Harbor Plan
 - 2. Description: license or permit pursuant to 310 CMR 9.00 within an area subject to a Municipal Harbor Plan approved under 301 CMR 23.00.
 - 3. Schedule for timely action: for projects for which applications are filed and/or fees received on or after, ~~June 15, 2007~~ July 1, 2000
 - a. Within ~~36~~ 45 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with 310 CMR 9.11(3)(a) and (b) and issue a public notice in accordance with 310 CMR 9.13(1)(a).
 - b. Within ~~24~~ 30 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(3)(c).
 - c. Within ~~36~~ 45 days of making a determination of administrative completeness, the Department shall complete a technical review in accordance with 310 CMR 9.14(5).

- d. Where the Department has issued a draft license, draft permit or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final license or permit within the period specified in 310 CMR 9.11(2) and 9.14(7).

- 4. Permit application fee: \$80.
- (l) (BRPWW12) Permits for waterways.
 - 1. Category: Waterways License renewal, small structures accessory to residences.
 - 2. Description: License renewal for small dock/pier projects meeting the requirements of 310 CMR 9.10.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~ June 27, 2003
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall assign a file number in accordance with the standards of 310 CMR 9.11(2)(b).
 - b. Within ~~48~~ 60 days of the close of the public comment period, the Department shall complete an administrative completeness review in accordance with 310 CMR 9.11(2)(c).
 - c. Within ~~72~~ 90 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - d. Where the Department has issued a draft license or written determination pursuant to 310 CMR 9.14(5), the Department shall issue a final decision within one day of the period specified in 310 CMR 9.14(7).
 - 4. Permit application fee: \$30.
- (m) (BRPWW13) Permits for wetlands and waterways.
 - 1. Category: Permits for renovation of abandoned cranberry bogs.
 - 2. Description: Permits pursuant to 310 CMR 23.00 for renovation of abandoned cranberry bogs.
 - 3. Schedule for timely action: for projects for which applications are filed and fees received on or after ~~June 15, 2007~~ November 14, 1997,
 - a. Within ~~24~~ 30 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~72~~ 90 days of the close of the public comment or administrative completeness period or public hearing, if any, whichever occurs later, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified deficiencies within 180 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~72~~ 90 days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies or the close of public hearing, if any, whichever later, the Department shall complete a supplemental technical review.
 - 4. Permit application fee: \$640.00

Regulation page 144.5 Wall Experiment Station – Laboratory Certification

(9) Bureau of Strategic Policy and Technology - Wall Experiment Station - Division of Environmental Analysis.

Laboratory Certification

(a) (LES01EA) Permits for laboratory certification

1. Category: Initial certification for microbiology laboratory.
2. Description: Initial certification of laboratory for microbiology analyses pursuant to 310 CMR 42.00.
3. Schedule for timely action for applications filed after **June 15, 2007**
~~June 27, 2003,~~

- a. Within **36** 45 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

NON-TEXT PAGE

- b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.

- c. The permit applicant may remedy identified deficiencies during technical review within 60 days of the Department's statement identifying deficiencies, if any. The Department shall complete review of supplemental material within **48** ~~60~~ days.

- d. Within **80** ~~100~~ days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.

- e. The permit applicant may remedy deficiencies identified during inspection review within 90 days of the Department's statement identifying deficiencies, if any.

- f. Within **80** ~~100~~ days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.

4. Initial certification permit application fee:

- a. The initial certification fee shall be \$230.

- b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.

(b) (LES02EA) Permits for laboratory certification.

1. Category: Initial certification for chemical laboratory.
2. Description: Initial certification of laboratory for chemical analyses pursuant to 310 CMR 42.00.
3. Schedule for timely action for applications filed after **June 15, 2007**
~~October 7, 2005,~~

- a. Within ~~36~~ 45 days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.
- b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.
- c. The permit applicant may remedy identified deficiencies during technical review within 60 days of the Department's statement identifying deficiencies, if any, and the Department shall complete review of supplemental material within ~~48~~ 60 days.
- d. Within ~~80~~ 100 days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.
- e. The permit applicant may remedy deficiencies identified during inspection review within 90 days of the Department's statement identifying deficiencies, if any.
- f. Within ~~80~~ 100 days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.

4. Initial Certification Permit application fee:

- a. The initial certification fee shall include \$860 plus an amount for each certified testing category as follows:

Adipate/Phthalates	\$75
Alkalinity, Total	\$35
Ammonia-N	\$60
Asbestos	\$75
Biochemical Oxygen Demand	\$45
Bromate	\$55
Calcium	\$55
Carbamates	\$75
Chemical Oxygen Demand	\$30
Chloride	\$30
Chlorine, Residual	\$30
Chlorite	\$55
Cyanide	\$75
Diquat	\$60
EDB and DBCP	\$60
Endothall	\$60
Fluoride	\$55
Glyphosate	\$50
Haloacetic acids	\$90
Hardness, Total	\$30
Herbicides	\$90
Kjeldahl-N	\$60
Magnesium	\$45
Metals	\$190
Nitrate-N	\$55

Nitrite-N	\$45
Oil and Grease	\$45
Orthophosphate	\$60
PCBs (potable water)	\$90
PCBs (non-potable water)	\$90
PCB (oil)	\$90
Pesticides (potable water)	\$90
Pesticides (non-potable water)	\$90
pH	\$15
Phenolics, Total	\$45
Phosphorus, Total	\$60
Polynuclear Aromatic Hydrocarbons	\$90
Potassium	\$45
Radiochemistry	
Gross alpha and gross beta	\$40
Strontium-89 and Strontium-90	\$60
Radium-226 and Radium-228	\$50
Tritium	\$50
Uranium	\$50
Iodine-131	\$50
Cesium-134 and Cesium-137	\$50
Cobalt-60	\$60
Ruthenium-106	\$50
Residue, Non-Filterable	\$30
Sodium	\$55
Solids, Total Dissolved	\$35
Specific Conductivity	\$30
Sulfate	\$45
Total Organic Carbon	\$30
Trihalomethanes	\$60
Turbidity	\$30
Volatile Organics	\$115

b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.

(c) (LES03EA) Permits for laboratory certification.

1. Category: Modification of certification for chemical laboratory.
2. Description: Application to certify additional testing categories pursuant to 310 CMR 42.00.
3. Schedule for timely action for applications filed and fees received after June 15, 2007 ~~June 27, 2003~~
 - a. Within 36 ~~45~~ days of receipt of an application and payment of the permit application fee, the Department shall complete an administrative completeness review.

- b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete the technical review required prior to on-site inspection.
 - c. The permit applicant may remedy identified deficiencies during technical review within days 60 of the Department's statement identifying deficiencies and the Department shall complete review of supplemental material within ~~48~~ 60 days.
 - d. Within ~~80~~ 100 days of completing a technical review, the Department shall complete on-site inspection and post-inspection review.
 - e. The permit applicant may remedy deficiencies identified during the inspection review period within 90 days of the Department's statement identifying deficiencies, if any.
 - f. Within ~~80~~ 100 days of receipt of supplemental materials from the applicant in response to the Department's statement identifying deficiencies during the inspection review period, the Department shall complete the supplemental technical review.
4. Certificate modification permit fee:
- a. The certificate modification permit fee shall include \$315 plus an amount for each testing category included in the application in the amounts as set forth in 310 CMR 4.10(9)(b).
 - b. When an out-of-state inspection of a laboratory is necessary, applicants shall be charged for on-site inspection where costs are reasonably expected to exceed \$100 including necessary costs of travel, meals, and lodging, at the rate established for state employees, as determined by the Department. The Department shall promptly notify the applicant of all such costs and may require payment prior to inspection.
- (d) (LES04EA) Permits for laboratory certification (reserved)

Regulation page 147 Bureau of Waste Site Cleanup

(10) Bureau of Waste Site Cleanup

- (a) (BWSC01) Permits for Waste Site Cleanup: initial permit
 - 1. Category: Tier IA response action permit
 - 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IA.
 - 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after ~~June 27, 2003~~ June 15, 2007
 - a. Within ~~36~~ 45 days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second ~~36~~ 45 days.
 - b. Within ~~36~~ 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(a)3.a. the permit is presumptively approved unless the Department approves the permit with conditions, or denies the permit.

4. Permit application fee, not to exceed \$6000: \$3550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (b) (BWSC02) Permits for Waste Site Cleanup: initial permit
1. Category: Tier IB response action permit
 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IB.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **36** ~~45~~ days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second **36** ~~45~~ days.
 - b. Within **36** ~~45~~ days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(b)3.a., the permit is presumptively approved unless the Department approves the permit with conditions or denies the permit.
 4. Permit application fee, not to exceed \$6,000: \$3,550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (c) (BWSC03) Permits for Waste Site Cleanup: initial permit
1. Category: Tier IC response action permit
 2. Description: Permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier IC.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **36** ~~45~~ days of receipt of a permit application and payment of the permit application fee, the permit is presumptively approved unless the Department approves the permit with conditions, denies the permit, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit review a second **36** ~~45~~ days.
 - b. Within **36** ~~45~~ days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(c)3.a., the permit is presumptively approved unless the Department approves the permit with conditions or denies the permit.
 4. Permit application fee, not to exceed \$6,000: \$3,550 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$500 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (d) (BWSC10) Permits for Waste Site Cleanup: major permit modifications
1. Category: Tier I major permit modifications
 2. Description: Any major permit modification required pursuant to 310 CMR 40.0707.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~

- a. Within ~~36~~ 45 days of receipt of a permit application and payment of the permit application fee, the permit modification is presumptively approved unless the Department approves the permit modification with conditions, denies the permit modification, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit modification review a second ~~36~~ 45 days.
 - b. Within ~~36~~ 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(d)3.a., the permit modification is presumptively approved unless the Department approves the permit modification with conditions or denies the permit modification.
4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (e) (BWSC20) Permits for Waste Site Cleanup: Extension
 1. Category: Tier I permit extensions
 2. Description: Extension of permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier I.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after ~~June 15, 2007, June 27, 2003~~
 - a. Within ~~36~~ 45 days of receipt of a permit application and payment of the permit application fee, the permit extension is presumptively approved unless the Department approves the permit extension with conditions, denies the permit extension, or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit extension review a second ~~36~~ 45 days.
 - b. Within ~~36~~ 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(e)3.a., the permit extension is presumptively approved unless the Department approves the permit extension with conditions or denies the permit extension.
 4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (f) (BWSC30) Permits for Waste Site Cleanup: Transfers
 1. Category: Tier I Permit Transfers
 2. Description: Transfer of permit to proceed with comprehensive response actions as defined in 310 CMR 40.0800 at disposal sites classified as Tier I.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after ~~June 15, 2007, June 27, 2003~~
 - a. Within ~~36~~ 45 days of receipt of a permit application and payment of the permit application fee, the permit transfer is presumptively approved unless the Department approves the permit transfer with conditions, denies the permit transfer or issues a notice of extended review pursuant to 310 CMR 40.0720(5), extending the permit transfer review a second ~~36~~ 45 days.

- b. Within ~~36~~ 45 days of issuing a notice of extended review pursuant to 310 CMR 4.10(10)(f)3.a., the permit transfer is presumptively approved unless the Department approves the permit transfer with conditions or denies the permit transfer.
4. Permit application fee, not to exceed \$6,000: \$1,200 for applicant who is not a Homeowner as defined in 310 CMR 4.02; \$250 for applicant who is a Homeowner as defined in 310 CMR 4.02.
- (g) (BWSC40) Permits for Waste Site Cleanup: Grants of Environmental Restriction
 1. Category: Grants of Environmental Restriction
 2. Description: A Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
 3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after ~~June 15, 2007~~, ~~December 25, 1998~~.
 - a. Within ~~24~~ 30 days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within ~~48~~ 60 days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within ~~36~~ 45 days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 4. Permit application fee, not to exceed \$6,000:
 - a. \$1,050 per Grant of Environmental Restriction
 - b. The applicant(s) may apply for consolidated review of multiple applications related to a disposal site meeting the following criteria:
 - i. the application includes Grants of Environmental Restriction for six or more separate parcels which comprise, in whole or in part, a single disposal site;
 - ii. each of the proposed Grants of Environmental Restriction references a single Activity and Use Limitation Opinion rendered in accordance with 310 CMR 40.1071(2)(f); and
 - iii. the activities and uses to be prohibited and permitted by, and the obligations and conditions listed in, the proposed Grants of Environmental Restriction are identical for each of the parcels to which the proposed Grants of Environmental Restrictions would apply.
 - c. For consolidated applications, the Department shall refund any portion of the permit application fees that exceed the Department's actual costs of Departmental review and approval. The Department's costs shall be calculated by applying the same method used to calculate Response Action Costs in 310 CMR 40.1220(1) and the Indirect Rate set forth in 310 CMR 40.1221(2). In no event shall the fee for reviewing multiple

applications for Grants of Environmental Restriction for a disposal site be less than \$1,050.

(h) (BWSC41) Permits for Waste Site Cleanup: Amendments of Environmental Restriction

1. Category: Amendments of Environmental Restrictions
2. Description: An Amendment of a Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after **June 15, 2007**, ~~December 25, 1998~~.
 - a. Within **24** ~~30~~ days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within **36** ~~45~~ days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee, not to exceed \$6000: \$850.

(i) (BWSC42) Permits for Waste Site Cleanup: Releases of Environmental Restriction

1. Category: Releases of Environmental Restriction
2. Description: A Release of a Grant of Environmental Restriction implemented pursuant to 310 CMR 40.1070.
3. Schedule for timely action: for disposal sites for which permit applications are filed and fees received on or after **June 15, 2007**, ~~December 25, 1998~~.
 - a. Within **24** ~~30~~ days of receipt of a permit application and payment of the permit application fee, the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete a technical review.
 - c. The permit applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within **36** ~~45~~ days from receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
4. Permit application fee, not to exceed \$6000: \$650.00

(j) (BWSC50) Permits for Waste Site Cleanup: Special Project Designation

1. Category: Special Project Designation
2. Description: Project containing one or more properties, sites or portions of sites pursuant to 310 CMR 40.0060.

3. Schedule for timely action: for projects for which applications are filed and fees received on or after **June 15, 2007**, ~~December 13, 1996~~,
 - a. Within **24** ~~30~~ days of receipt of an application and payment of the permit application fee the Department shall complete an administrative completeness review.
 - b. Within **48** ~~60~~ days of making a determination of administrative completeness, the Department shall complete technical review.
 - c. The applicant may remedy identified technical deficiencies within 30 days of the Department's statement identifying deficiencies, if any.
 - d. Within **36** ~~45~~ days of receipt of materials from the applicant in response to the Department's statement identifying deficiencies, the Department shall complete a supplemental technical review.
 - e. Within **24** ~~30~~ days of the close of the public comment period, the Department shall complete a public comment review or if significant comments are received, within **48** ~~60~~ days of the close of the public comment period, the Department shall complete a public comment review.
4. Permit application fee, not to exceed \$6000: \$750

Regulation page 147 Department-wide Permits

(11) Department-wide Permits.

- (a) (DEP01) Permits for Holding Tanks
 1. Category: Certification of industrial wastewater holding tank pursuant to M.G.L. c. 21, § 27 and 314 CMR 18.11.
 2. Description: Certification covers new industrial wastewater holding tank installation and conversion of existing tanks into industrial wastewater holding tanks.
 3. Schedule for timely action: for projects for which application is filed and fees received on or after **June 15, 2007**, ~~June 27, 2003~~
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the application fee, the Department shall complete an administrative and technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any,
 - c. Within **48** ~~60~~ days of receipt of materials in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
 4. Permit application fee: \$115.
- (b) (DEP02) Permits for Dental Mercury Amalgam Recycling
 1. Category: Certification of Dental Mercury Amalgam Collection and Recycling.
 2. Description: Certification of dental facilities and practices subject to collection and recycling dental mercury amalgam pursuant to 310 CMR 70.00 and 310 CMR 73.00, but excluding dental facilities and practices filing one-time certifications pursuant to 310 CMR 73.03(1) to establish their exemption from the provisions of 310 CMR 70.00 and 310 CMR 73.00.

3. Schedule for timely action: for projects for which application is filed and fee received on or after **June 15, 2007**, ~~October 6, 2006~~,
 - a. Within **48** ~~60~~ days of receipt of an application and payment of the application fee, the Department shall complete an administrative and technical review.
 - b. The permit applicant may remedy identified deficiencies within 90 days of the Department's statement identifying deficiencies, if any,
 - c. Within **48** ~~60~~ days of receipt of materials in response to the Department's statement identifying deficiencies, the Department shall complete a final review.
4. Permit application fee: \$400
